

Te Whānau Tupu Ngātahi o Aotearoa
– Playcentre Aotearoa

Annual Report

20 19

“

I love that I'm part of
my son's ECE learning
experience.

“

It's our village.
Lifelong friendships
and support for our
whole family.

“

I didn't just watch
them grow,
I grew with them.

Welcome to the Te Whānau Tupu Ngātahi o Aotearoa – Playcentre Aotearoa Annual Report for the Financial Year ended 31 August 2019.

This report presents Playcentre Aotearoa the Parent and the consolidated results for the 474 Associations, Shops, Centres and other entities that make up the reporting Group using an integrated reporting format.

As set out in the Integrated Reporting Framework, an integrated report is a concise communication about how an organisation's strategy, governance, performance and prospects, in the context of its external environment, lead to the creation of value in the short, medium and long term. The Framework enables an organisation to best tell its value creation story.

From the Trustee Board

Tēnā koutou kātoa.

On behalf of the board of Te Whānau Tupu Ngātahi o Aotearoa – Playcentre Aotearoa (Playcentre) we are pleased to present our annual report for the year ended 31 August 2019.

This year, a transformational milestone was achieved as we amalgamated 32 associations from around the country and Federation into a single consolidated trust; Playcentre Aotearoa

The amalgamation of Playcentre sought to ensure that as an organisation we would be well placed to thrive, grow and continue to deliver on the Playcentre vision of Whānau tupu ngātahi – Families growing together. The amalgamation process has involved significant consultation over many years with our membership and we are pleased to have come to this point where we can move forward, as a unified consolidated charitable trust. Playcentre is primarily about

parents as the first and best educators of their children and this will continue to drive our mission; to strengthen whānau and enrich the communities in which we are based throughout Aotearoa New Zealand.

The amalgamation process began in 2015, when the new structure was proposed to share resources, work as one cohesive group, and have national direction.

In this report you will be able to read about our growth, our structure, number of centres, our volunteers and the services that Playcentre offers the community.

We would like to take this opportunity to thank all our volunteers, supporters, donors, life members and staff who ensure that Playcentre continues to prosper and is positioned well for the future to support and strengthen our people, parents, whānau, centres, rōpū, tamariki and pepi.

Message from our General Manager

Tēnā koutou katoa.

It is my pleasure to present the first Annual Report for the newly amalgamated Te Whānau Tupu Ngātahi o Aotearoa – Playcentre Aotearoa.

Playcentre Aotearoa has come a long way since it began in 1941 and although the social and educational environment in which we now operate in is very different to when we started, our vision of families growing together remains strong.

Our membership grew by 15.93% in the last financial year. We aim to continue our membership growth over the coming years. Playcentre Aotearoa is more than an early childhood education provider and we ensure that as many people as possible are able to participate and benefit from everything Playcentre has to offer.

This Annual Report reflects the hard work and commitment of over 8,000 volunteers. Our volunteers ensure that our 441 Centres continue to provide a valued early childhood education programme and a sense of community for whānau. I invite you to review the amazing amount of effort attributable to our volunteers and staff.

Growth is a positive outcome for any organisation, but we also need to ensure that we recognise the time required of our volunteers and the financial cost to support and maintain growth. To ensure that Playcentre Aotearoa continues to thrive we continually review our operations and work with our partners to ensure that we improve. We look forward to sharing the outcomes of this work in future annual reports.

A brief overview here would not do justice to the achievements of the last year so I encourage our members and supporters to celebrate your contribution to each and every page and for everyone else to take the time to find out a little bit more about Playcentre Aotearoa.

Ka kite anō au i a koutou.

A handwritten signature in dark ink, reading 'Sean McKinley'.

Sean McKinley
General Manager
Playcentre Aotearoa

About us

About Playcentre Aotearoa

Te Whānau Tupu Ngātahi o Aotearoa – Playcentre Aotearoa (Playcentre) is a licenced early childhood education provider and charitable trust. It has a constitutional philosophy to empower whānau and tamariki to work, play, learn and grow together; while honouring Te Tiriti o Waitangi.

Individual Playcentres are co-operatively managed by parents and whānau with the support of their regional team, the national team and national Trustee Board.

How we formed

Playcentre began in 1941 in the Wellington suburb of Karori. From the start, each Playcentre was a community driven initiative, organised by parents, utilising existing premises and using parents as teachers.

Our commitment to the Treaty of Waitangi/ Te Tiriti o Waitangi.

Playcentre Aotearoa made a commitment to The Treaty o Waitangi in 1989 and to Te Tiriti o Waitangi in 1994 to ensure the sustainability of Te Ao Māori within the organisation.

Throughout this report Māori terms are used. All terms are defined in the glossary.

What is Playcentre Aotearoa?

There are 441 individual Playcentres around the country. These centres range in numbers from five members to 150 members and are located from Awanui Playcentre North of Kaitia in Northland to Toi Tois Playcentre East of Bluff in Southland.

Playcentre Aotearoa operates in various capacities in order to deliver our services and achieve our goals set out in our mission statement.

We act as:

- a licensed early childhood education service (ECE), governed by the Education (Early Childhood Services) Regulations and Licensing Criteria;
- a community of families providing each other support and friendship as they raise their children through their early years;
- an advocate for the importance of parent involvement in their children's education and the importance of play in the early years;
- a Charitable Trust with a governing Constitution; and
- an NZQA registered provider, accredited and approved to deliver early childhood education courses registered on the NZQA framework to our parents and whānau.

Our vision

Whānau tupu ngātahi - Families growing together

Our mission

Playcentre is a family organisation where:

- we empower adults and children to play, work, learn and grow together;
- we honour Te Tiriti o Waitangi and celebrate people's uniqueness; and
- we value and affirm parents as the first and best educators of their children so that whānau are strengthened and communities enriched.

Playcentre is a *co-operative* whānau experience

Extracts from our Strategic Plan (2014 – 2019)

Goal One

Improve Playcentre delivery to better meet the needs of our children and communities, in particular the needs of Whānau Māori and Pasifika, while honouring Playcentre's core philosophies

Goal Two

Improve organisational efficiency to lessen the burden on volunteers, build on national opportunities and help retain a strong focus on the Playcentre philosophies

Goal Three

Develop a strong profile and reputation that goes beyond early childhood education to emphasise Playcentre's contribution to community resilience

Goal Four

Stabilise, strengthen and diversify Playcentre's funding base to also include opportunities for generating revenue through building on the organisation's strengths

Playcentre shops

There are two Playcentre shops throughout Aotearoa, one in Canterbury and one in Taranaki.

They stock high-quality equipment and educational resources for all areas of play and development for young children.

The Canterbury Playcentre Shop was opened in Christchurch in 1949 to supply local Playcentres with equipment and resources.

Today, that tradition continues but the Shop is now open to the public and supplies customers from all around New Zealand (and the world) through its online shop.

“

The quality of the toys is outstanding, they are made to last, great variety.

Our
programmes

Playcentre sessions

Playcentre caters to children aged 0 – 6 years in a mixed age setting.

Playcentre endorses mixed age play and encourage tuākana–tēina relationships, as it allows children to engage and guide others, older and younger than themselves and become part of, and contribute to, society as a whole.

Older children learn how to communicate, teach, share and negotiate with empathy for their younger peers while younger children are stimulated by playing alongside, learning from and observing older peers.

Because parents,
whānau and
caregivers
attend sessions...

the ratio of adults to
children ranges from
1:5 to **1:3**

This allows Playcentre to offer a child initiated programme based on the individual child's strengths, interests and allows for regular excursions.

“

Really great quality education for your little ones and a supportive network for your whānau, that is so much greater than you can anticipate at the beginning.

ERO reviews

The Education Review Office (ERO) evaluates and reports on the education and care of children in early childhood services. These reviews are conducted by the Education Review Office - Te Tari Arotake Mātauranga with the purpose of looking at how an early learning service reaches positive learning outcomes - knowledge, skills, attitude and habits - for all children.

In 2018 / 2019 Playcentre had 116 reviews

Very well placed	Well placed	Requires further development
6	90	4

Extracts from ERO reviews

Koutu Playcentre

"Parents and whānau have established an inclusive and welcoming environment. Strong responsive and reciprocal relationships are formed among families and children. Tuakana teina relationships are promoted in the mixed-age group setting. Children and their families experience a strong sense belonging at the playcentre."

"Children with additional learning needs benefit from parents sharing individual education plans so all parents can support their learning. More experienced members support newer members by generously sharing their knowledge about dispositions and learning outcomes of Te Whāriki, the early childhood curriculum. Regular excursions to places of local historical significance enrich the curriculum."

Prebbleton Playcentre

"Sustainability and the provision of a natural learning environment that incorporates strong Māori values, are thoughtfully embedded and are a feature. There is a highly effective programme for supporting children and their families in transitioning to school. Children confidently lead and engage in their learning."

Porangahau Playcentre

"Te ao Māori is woven into the programme. Leaders model te reo Māori, incorporate karakia, Māori presence and input. Hapū and iwi links to the land, river, mountain and marae are visibly displayed. Members identify the need to deepen understanding of children's culture language and identity, particularly for tamariki Māori."

Opoho Playcentre

"The high number of parents in the daily programme gives children many opportunities for one-to-one interactions with an adult. Parents work cooperatively to ensure children:

- settle quickly and feel confident to pursue their interests and learning preferences
- have access to a wide range of activities and experiences that attract and hold their interest
- have opportunities to develop positive social skills within a mixed-age environment."

Infant programmes

Playcentre offers two infant programmes, Space and Babies Can Play.

These tailored sessions focus on the needs of children aged one and under and provide support and friendship with other new parents.

The programmes are run at Playcentres, giving the adults and baby the chance to make real connections during their baby's first year.

In 2018 / 2019 Playcentre had:

314 *with* **4,308** *over* **132,090**
Infant programmes enrolled sessions

“

I joined Space at Playcentre as a first-time mum and feel so thankful and grateful for all the knowledge and experiences we have gained. Without doubt it has had a hugely positive impact on my parenting, given me so much knowledge and helped shape how we raise our son.

Playcentre has five dedicated centres that only run Infant programmes:

Nawton Family

Space Southland/Tramway

St Andrews

Lynfield

Tikipunga

Total number of enrolled
children in **Space** and
Babies Can Play

has increased

38%

since the
previous
year

Youth programme

Babies Can Play at Playcentre offer a 6-week course for youth parents (13 to 19 years old) who are referred to the programme by Family Works New Zealand.

The aim of this programme is to support new parents, provide them with information and a support network.

This programme is currently operating only in the Canterbury region and has an average of 10 students per week attending.

Adult
education

Playcentre Education

Playcentre offers an accredited NZQA education programme that leads to the NZ Certificate in Early Childhood Education and Care for our parents and whānau.

The NZQA programme provided for adults within Playcentre supports the informal learning taking place in a centre, leading to an expansion in parenting and early childhood education skills for anyone keen to learn.

The new education programme was introduced in June 2018 and is nationally recognised both within and outside of Playcentre, offering further career opportunities in the early childhood sector.

From 1 September 2018 - 31 August 2019

Professional Learning and Development programme

Playcentre offer a Ministry of Education funded professional learning and development programme SELO (Strengthening Early Learning Opportunities).

PROGRAMME OUTCOMES

- Ensure effective implementation of Te Whāriki (2017).
- Strengthen leadership within playcentres for individuals, Māori and Pasifika families.
- Strengthen internal evaluation practices within centres.

182

**centres participated in
Professional Learning and
Development in 2018/2019**

CENTRE CLUSTER PROGRAMMES

- Each programme includes three centres that are geographically close to each other allowing for wānanga, workshop and other collaborative events.
- All centres in the cluster are supported to work through an internal evaluation with a strong focus on Te Whāriki.
- Where possible PLD facilitators work alongside centre support workers to ensure ongoing sustainability for the centre.

28

**cluster
programmes**

with

84

**centres
participating**

807

LEADERSHIP PROGRAMMES

- Leadership programmes have one of three focus areas – Playcentre leadership, Māori leadership and Pacific leadership.
- The Playcentre leadership programme focuses on building on individual leadership skills within Playcentre while Māori and Pacific leadership focuses on strengthening Māori and Pacific leadership within the centre.
- All leadership programmes involve 5-7 wānanga and workshops and provide follow-up visits to the individual centres.

8 Māori leadership programmes

9 Playcentre leadership programmes

with

309

people participating

17 Professional Learning and Development Facilitators

“

I think the biggest impact this series has had for me is reminding me that actually there are many different ways to lead at Playcentre and that it doesn't necessarily require you to be in an actual leadership position. I think leading from within the ranks through sparking thought, conversations, sharing knowledge can be just as powerful as being 'in charge' for want of a better word.

Te Ao Māori

Te Ao Māori

Māori tamariki account for
11% of children

the Playcentre adult education
programme

Playcentre encourages our parent-
led centres to incorporate Te reo
me ona tikanga Māori in creative
ways through play at centre level.

In 2018-2019 of centres
17% ran Te reo
Māori
sessions

At national hui in May 2019 the Māori Development Manager introduced Playcentre's 10-year energy transformation programme 'Huringa Pūngao' to enable positive change and understanding towards Te Ao Māori capability within the organisation.

Annually, a Te Ao Māori element is implemented throughout the organisation. In 2018 Manaakitanga focused on hospitality and modelling mana enhancing behaviour towards each other.

While 2019 Rangatiratanga focused on leadership and bringing people together.

The Playcentre Education team reviewed, and implemented an education curriculum which is more relevant for Māori and Pasifika communities.

In March 2019 the Playcentre Education Award 'B404 Te Kākano – Te reo me ngā tikanga' workshops were introduced.

B404.1 delivered 54 workshops nationwide with 547 attendees.

Mana Whenua | Belonging:

Whānau Māori in Playcentre, Using Karakia, Kaupapa, Tikanga and Kawa, Playcentre Tikanga and Kawa, Introducing the Pepeha, Ngā Mana Whenua o Aotearoa, The Welcoming Process, Whakataukī or Whakataukāki. Tapatapa Whenua, Components of place names, Why Focus on Te Reo Māori? Language, Kaupapa Māori.

B404.2 delivered 50 workshops nationwide with 315 attendees.

Introduction to Te Ao Māori:

Teaching, Learning and Assessment, Learning and Growth Programmes, Males and Females, Kaupapa Māori, Bicultural Assessment in Action.

B404.3 delivered 52 workshops nationwide with 478 attendees.

Exploring Te Reo Māori:

Kaupapa Māori, Our Values, Our Beliefs, Our Views, Introducing welcoming processes, Pōhiri, The New Zealand Playcentre Federation – Te Tiriti o Waitangi Framework.

B404.4 delivered 49 workshops nationwide with 432 attendees.

Using Te Reo Māori in Playcentre:

Making Te Ao Māori visible, Inspiring Te Reo Māori and Tikanga Māori, Land and Buildings, Whakataukī for reflection.

Through the Playcentre Professional Learning and Development team 15 leadership programmes were delivered to centres nationwide with a total of 309 participants, which included eight Māori and Pacific leadership programmes. The Māori and Pacific leadership programmes focus on strengthening Māori and Pacific leadership within centres. They consist of 5-7 workshops and follow-up visits to centres.

Playcentre continues to work with Māori to improve engagement, participation and educational goals, as well as opportunities to increase understanding of Te reo me ona tikanga Māori within the organisation. Through the 'Huringa Pūngao' energy transformation

programme, education and professional learning and development programmes, plus continued efforts by regional offices and centres to include te reo me ona tikanga Māori lessons has seen an increased understanding of Māori culture and an increase in Māori language use and tikanga Māori practices by staff, volunteers and playcentre members.

Through Marae visits Playcentre staff and centre members have enhanced Māori stakeholder engagement by forming meaningful and sustainable community relationships with hapū and Iwi through centre visits to Marae and inviting tāngata whenua to centres to share their local knowledge.

Our
community

For the whole whānau

Mums, dads, and all whānau including grandparents, aunties and uncles, and other caregivers are welcome to attend Playcentre with the children.

This means our children develop supportive relationships with a range of adults, and it also adds to the rich array of experiences available as different adults bring new things to the play table.

1 in 4 young children were cared for by grandparents in 2017

1 in 8 were cared for by a family member other than a parent or grandparent in 2017

Source: Statistics New Zealand

Fathers attending Playcentre

Playcentre was established in 1941 to support mothers.

It goes without saying that parenting styles have changed a lot over the past 70 years.

Today, in 2019, fathers often attend Playcentre and make up a significant portion of volunteers.

“

Being a Playcentre dad comes with a lot of awesomeness. I get to watch my children being social and independent, I get to participate in their play, I get to witness their learning. Most importantly, I can, without any inhibition, extend my family life and adventures within the physical and emotional spaces of Playcentre. I get the chance to wake up the kid in me and let it free! Dancing and pretending to be a butterfly, go on a bug hunt, paint dinosaur tracks, believe in the magic of fairy tales! Who wouldn't want to do it?

Grandparents attending Playcentre

Playcentre is recognising and celebrating Grandparents Day | Te rā o ngā tupuna on 22 October 2019. Both grandparents who are acting as primary caregivers, and grandparents who simply want to spend more time with their grandchildren often attend Playcentre sessions.

Barbara, a Playcentre grandparent, says that attending Playcentre means that:

“

I get to play with my grandchildren.
It gives me a place, a sense of belonging
and keeps me young!

Involvement in communities

Playcentres are a hub and gathering place for their local communities, providing a space and resources for whānau, pēpi, tamariki, groups and other organisations. This fosters collaboration and strengthens relationships within the community.

10%

of our centres lease
to home based ECE

Rural centres

33% of our Playcentres are rural*
(Ministry of Education, 2019).

Lower Waitaki Playcentre

“Wading through the sea of red bands to get to the front door you are greeted by familiar and friendly faces. “Mōrena!” The first twenty minutes are lots of laughs and catch-ups. This is an integral part as we are a rural Playcentre so connection is key.

Almost all our families are dairy farming in the area and some travel a fair way to join our vibrant sessions. Rural life can be isolating, relentless and frustrating. Our Playcentre connects these families with face-to-face contact which helps to build strong relationships within our community.

Our children are independent and love the outdoors. For these rural children the concreted area outside is a novelty and they go straight for tractors, bikes and scooters. Role-play of farm work such as putting up fences or loading gravel is a major theme of play.

Our dads recently installed a mud kitchen with a sink and water-wall which has really extended their learning. Inside we always have collage, playdough, and the ever-popular toy farm animals. Children at our playcentre have a strong sense of belonging – He waka eke noa – we are all in this together! ”

*Rural has been defined as either rural centres that have a population of between 300 and 999 or rural areas that have a maximum population of 299.

An immigrants story:

A sense of belonging

Playcentre offers a place to connect for new immigrants.

It offers the opportunity to be connected to your community, be immersed in the culture and a village from which to draw support from and contribute to.

In 2019 Playcentre Aotearoa were featured by Immigration New Zealand.

“Joining a local Playcentre helped Susie Busby connect to her Wellington community.

Susie Busby says her friends in the United Kingdom still ask her when she is moving back.

“I’m not. Right now my life in New Zealand is great. I live in a lovely seaside community and I am well-connected. We are at the beach every day; we are really happy.”

But Susie did not always feel that way; it took persistence and a children’s playcentre to feel at home.

Susie, her husband Pete – a New Zealander – and their two children live in Lyall Bay in Wellington. They moved to New Zealand from London in 2014 to be closer to Pete’s family and to give the children “a safer and more carefree upbringing”, she says.

Susie had visited New Zealand as a 21 year old and loved it. Years later in the UK she met Pete at a party. “Moving to New Zealand was always something that we discussed right from the beginning.”

Because Pete is a Kiwi, she knew what to expect in terms of living standards and the cost of living. “I knew about the uninsulated housing stock, I knew it was expensive to get milk and bread and butter in comparison to where I am from.”

But making friends and feeling at home was far harder than she expected. “I have lived in different countries and I expected it to take at least a couple of years before I felt truly settled. For me that meant networks, friendships, work, a sense of belonging in a place. I struggled more than I thought I would.”

Susie’s children were both under two when the family moved and Susie took a break from her career to care for them. At home with two small children, she felt isolated and frustrated.

“I am the sort of person who needs people. I need to connect. The first winter was pretty awful. Our house was cold, my family, who were my main network, were away for six weeks, and one week my husband was away too, so I did not speak to another adult for a whole week.”

Susie was researching childcare and kindergarten options when she discovered Playcentre, an organisation where families work together in their communities to provide early childhood learning experiences. Playcentre immediately made a huge difference, she says.

“I found a community I went and experienced with my children, and learned with my children, with families in my neighbourhood who were like-minded. I was emotionally and mentally stimulated and connected.”

The Playcentre community became a useful source of information and connections, Susie says. “I got into netball teams [through Playcentre], I found out where you might want to go for a holiday or what people do if there is a problem – like when to go to the doctors. All of these things are very different and it is quite hard to navigate because it is not made clear to you when you arrive.”

A year after joining the Playcentre in the suburb of Hataitai, Susie became its President. She is still the Treasurer even though she is not actively involved in running the Playcentre at the moment.

“We were part of the Playcentre for about two and a half years. But the contacts I made in that time have endured and I am still very good friends with a lot of the people I was there with.”

The Playcentre was also a fantastic learning environment for her children, and has set them up well for school, she says. “They were supported. The other parents knew them as individuals and what they liked and what they did not like. When [my son] went to school, the transition was effortless. He was able to realise the teacher was someone who would work with him and help him and engage him.” ”

Our
volunteers

Our volunteers

8161 valued volunteers*

Playcentre could not function without all of those who volunteer. Our volunteers are an integral part of Playcentre philosophy, providing invaluable support to our centres, other volunteers, tamariki and pēpi.

Volunteers at Playcentre support individual centres by taking on an officeholder area in their centre. The roles and professional development opportunities at each centre include:

**President • Secretary • Treasurer • Education • Bi-cultural
Health and Safety • Enrolments • Property Equipment
Policy • Employment • Public Relations • Library** and many others.

Playcentre offers office holder workshop and training for specialised areas (for example accounting programme support and training for our volunteer treasurers).

Through the act of volunteering, we help form strong communities, people learn transferrable skills, build friendships and relationships.

On behalf of the children and their families who will benefit from Playcentre we would like to *thank everyone* for all they do.

“

I love that I'm part of my son's ECE learning experience by being there to set up arts, games, read books you don't have at home and doing a portfolio for them. It's a great way to meet friends for yourself and the kids, getting involved in the community doing fundraisers for Playcentre... I could go on...

“

I came into the Playcentre environment with a variety of management skills, but found the Playcentre environment an incredible opportunity to explore and deepen my understanding of leadership, decision making and the importance of teamwork. The skills I developed were a key component of me securing my next step in my career.

Thank you

Thanking our donors, sponsors and supporters

Tēnā rawa atu koe

Playcentre is grateful for the support of businesses, grant providers, communities and individuals who provide sponsorship and assistance. Your generosity enables centres nationwide to support tamariki and pēpi and foster the involvement of whānau through early childhood education.

The Rata Foundation awarded grants to 64 Playcentres totally \$190,000 and supported our national Professional Development and Learning Programmes for our adult volunteers.

The Thomas George McCarthy Trust generously supported 64 Playcentres biannually in the lower North Island (\$32,000 over 2 years).

Tahuna Playcentre would like to extend a heartfelt thank you to the Awarua Trust for the generous \$20,000 donation for soft matting for their Playground.

We would like to thank Ray White for their support of the Big Play Out event with advertising in the Wellington region in 2019.

Entity information

For the year ended 31 August 2019

Legal name of entity

Te Whānau Tupu Ngātahi o Aotearoa – Playcentre Aotearoa

Reporting entity and structure

Te Whānau Tupu Ngātahi o Aotearoa – Playcentre Aotearoa (“Playcentre Aotearoa”) Parent and Group are registered under the Charities Act 2005 (CC55368) and these financial statements include both the individual statements for the Parent Entity and the consolidated statements comprising the National organisation, Playcentre Aotearoa, Federation, 441 individual Playcentres, Programmes, Shops and Associations as listed in Appendix A together referred to as the “Group”.

During the period ended 31 August 2017 a decision was made to begin the process to amalgamate the Playcentres, Associations and Federation. On 19 February 2018 the Attorney-General’s report supporting our amalgamation process was signed by the Deputy Solicitor General. The amalgamation application was heard in the High Court at Auckland on 25 June 2018, and approved subject to each Association and Federation holding Special General Meetings (“SGM”) to approve the Charitable Scheme.

All Associations passed the SGM to approve the amalgamation and the process was finalised by the High Court on 4 June, 2019 - the date of legal amalgamation. On this date 31 Associations and Federation were dissolved and replaced by one national organisation known as Playcentre Aotearoa.

Entity’s purpose or mission

The underlying vision of Te Whānau Tupu Ngātahi o Aotearoa – Playcentre Aotearoa is: “Whānau tupu ngātahi – families growing together”.

Our Mission Statement is:

Playcentre is a family organisation

- Where adults and children are empowered to work, play, learn and grow together.
- Where Te Tiriti o Waitangi is honoured and people’s uniqueness is celebrated.
- Where parents are affirmed and valued as first and best educators of their children.

so that whānau are strengthened and communities are enriched.

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF PLAYCENTRE AOTEAROA PARENT & GROUP**

Qualified Opinion

We were engaged to audit the consolidated financial statements of Playcentre Aotearoa Group ("the Group") which comprise the New Zealand Playcentre Federation Inc ("the Parent") and its subsidiaries. The consolidated financial statements comprise the Parent and consolidated statement of financial position as at 31 August 2019 and the Parent and consolidated statements of comprehensive revenue and expense, Parent and consolidated statement of changes in net assets/equity and Parent and consolidated cash flow statement for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the accompanying parent and consolidated financial statements present fairly, in all material respects, the Parent and consolidated financial position as at 31 August 2019, and the Parent and consolidated financial performance and the Parent and consolidated cash flows for the year then ended in accordance with Public Benefit Entity Standards Reduced Disclosure Regime ("PBE Standards RDR") issued by the New Zealand Accounting Standards Board.

Basis for Qualified Opinion

- In common with other similar organisations, controls over donations and fundraising income received prior to being recorded is limited, and there are no practical audit procedures to determine the effect of this limited control. Accordingly, the completeness of donations and fundraising income is unable to be determined.

We conducted our audit in accordance with International Standards on Auditing (New Zealand) ("ISAs (NZ)"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Parent and Group in accordance with Professional and Ethical Standard 1 (Revised) *Code of Ethics for Assurance Practitioners* issued by the New Zealand Auditing and Assurance Standards Board, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Other than in our capacity as auditor we have no relationship with, or interests in, the Parent or any of its subsidiaries.

Other Matter

The financial statements of the Parent and Group for the year ended 31 August 2018 were audited by another auditor who expressed a qualified opinion over the Group financial statements on 28 February 2019 on those statements because of the following:

- The completeness of donations and fundraising income was unable to be determined.

- They were unable to obtain sufficient audit evidence with regard to the completeness of land and buildings.
- They were unable to obtain sufficient audit evidence in regard to the existence and completeness of staff costs relating to the administration of payroll outside of the control of the Parent. This was due to practical limitations experienced by the Group including access to payroll records and supporting documentation.

Trustees Responsibilities for the Consolidated Financial Statements

The Trustees are responsible on behalf of the Parent and Group for the preparation and fair presentation of the Parent and consolidated financial statements in accordance with Public Benefit Entity Standards Reduced Disclosure Regime issued by the New Zealand Accounting Standards Board, and for such internal control as the Trustees determine is necessary to enable the preparation of the Parent and consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the Trustees are responsible on behalf of the Parent and Group for assessing the Parent and Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Trustees either intend to liquidate the Parent and Group or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Parent and Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (NZ) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs (NZ), we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Parent and Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of the use of the going concern basis of accounting by the Trustees and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Parent and Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Parent and Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Parent and consolidated financial statements, including the disclosures, and whether the Parent and consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Parent and Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Parent and group audit. We remain solely responsible for our audit opinion.

We communicate with the Trustees regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Who we Report to

This report is made solely to the Parent and Group's members, as a body. Our audit work has been undertaken so that we might state those matters which we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Parent and Group and the Parent and Group's members, as a body, for our audit work, for this report or for the opinions we have formed.

The above statement should be read in conjunction with the accompanying notes.

Notes to and forming part of the financial statements

For the year ended 31 August 2019

Note 1 - Reporting entity

Te Whānau Tupu Ngātahī o Aotearoa – Playcentre Aotearoa Group (“The Group”) and Playcentre Aotearoa formally New Zealand Playcentre Federation Inc. (“The Parent”) are incorporated under the Charitable Trusts Act 1957. The Parent is the “controlling entity” of the Group. The Group financial statements comprise the “controlling entity” and its controlled entities.

Note 2 – Summary of significant accounting policies

(a) Statement of compliance

The financial statements comply with the Public Benefit Entity Standards Reduced Disclosure Regime (“PBE Standards RDR”) as appropriate for Tier 2 not-for-profit public benefit entities, and disclosure concessions have been applied. These financial statements have been prepared in accordance with NZ GAAP.

The Parent and Group qualify as Tier 2 reporting entities, as for the two most recent reporting periods they are not publicly accountable and not large (operating expenditure has been between \$2m and \$30m in the current and prior year for both Parent and Group).

These financial statements were authorised for issue by the Trustee Board on 17 December 2019.

(b) Measurement base

The financial statements have been prepared on the basis of historical cost.

(c) Functional and presentation currency

The financial statements are presented in New Zealand dollars (\$) which is the Parent and Group’s functional and presentation currency, rounded to the nearest dollar.

There has been no change in the functional currency of the entity during the year.

(d) Use of judgement and estimates

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, revenue and expenses. Actual results may differ from those estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Land and buildings

Completeness of land and buildings has been established through land title searches for all properties owned by the Group.

(e) Basis for consolidations

The Group comprises the Playcentre Aotearoa, 440 Playcentres, Associations and other entities. While control has been determined based on the requirements of PBE standards, it is important to note that each entity has a significant level of local control and self-determination.

Entities within the Group comprise a wide variety of size and accounting capacity. Most entities rely upon volunteer treasurers and so to implement new accounting processes will require significant resources and support. There is currently some variability in the application of accounting policies across the Group. However, these matters are not considered to be material to the Group. This variability is expected to reduce over time as standardised accounting policies and systems are implemented.

The consolidated financial statements are prepared by adding together like items of assets, liabilities, equity, revenue and expenses of entities in the Group on a line-by-line basis. All intra-entity balances, transactions, revenues and expenses are eliminated on consolidation. The financial information of the controlled entities is prepared for the same reporting period as the Group.

The consolidated Group financial statements comprise all entities where the Group has the capacity to govern the financial and operating policies, so as to benefit that entity's activities.

(f) Revenue recognition

Ministry of Education - ECE revenue

MoE ECE revenue to the Group is recognised in the period it is earned. An adjustment has been recognised to account

for MoE ECE revenue accrued to balance date and a liability for revenue earned in advance.

MoE ECE revenue is not recorded as revenue in the Parent, except for Programme Funding, as there is an agency relationship with Centres. Conversely an adjustment has not been recognised to account for bulk funding accrued to balance date. Rather a net adjustment to recognise the levy portion to balance date is included. The Bulk Funding Advances represent amounts which do not belong to the Parent but are held on behalf of Centres, and are recorded as a liability on the Statement of Financial Position until paid to the Centres.

Programme Funding is income generated by the Parent for programmes run by Head Office, or partially by Head Office. These programmes are held at centres, and are paid via MOE bulk funding. Programme Funding is calculated and paid by the MOE based on the number of Funded Child Hours at each session. This is not eliminated on consolidation, and an adjustment is required to accrue for Programme funding to be received, and advances already received to balance date.

Levies revenue

Levies are charged to the centres by the Parent for general overheads and administration activities performed on the centres behalf. These are charged at 50% of the MOE Funded Child Hours revenue earned by centres after deducting the programmes funding earned by the Parent.

Similarly to MOE FCH Revenue, an adjustment has been recognised to account for Levies accrued to balance date, and a liability for the revenue earned in advance.

Education revenue - TEC

The Parent and Group receive training grants from the Tertiary Education Commission ("TEC"). These grants are recognised in the period they are earned.

Grants, donations and fundraising revenue

All other grants and donations are recognised when they are received.

The recognition of non-exchange revenue from Grants, Donations and Fundraising depends on the nature of any stipulations attached to the inflow of resources received, and whether this creates a liability (i.e. present obligations) rather than the recognition of revenue.

Stipulations that are 'conditions' specifically require the entity to return the inflow of resources received if they are not utilised in the way stipulated, resulting in the recognition of a non-exchange liability that is subsequently recognised as non-exchange revenue as and when the 'conditions' are satisfied.

Stipulations that are 'restrictions' do not specifically require the entity to return the inflow of resources received if they are not utilised in the way stipulated, and therefore do not result in the recognition of a non-exchange liability, which results in the immediate recognition of non-exchange revenue.

Sale of goods

Revenue from the sale of goods in the course of ordinary activities is measured at the fair value of the consideration received or receivable, net of returns, trade discounts and volume rebates. Revenue is recognised when the significant risks and rewards of ownership have been transferred to the customer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing management involvement with the goods, and the amount of revenue can be measured reliably.

(g) Accrued revenue

Accrued revenue is stated at their estimated realisable value. Unrecoverable debts are written off when recognised.

(h) Investments

Deposits at registered banks are recorded at fair value plus directly attributed transaction cost and are subsequently measured at amortised costs using the effective interest rate method.

(i) Property, plant and equipment

Items of property plant and equipment over \$2,500 are initially recorded at cost or, in the case of donated assets, are initially recorded at their fair value as their deemed cost at initial recognition. Initial cost includes the purchase cost, or fair value as the case may be, and those costs that directly relate to bringing the asset to the location where it will be used, and making sure it is in the appropriate condition necessary for its intended use. Items of Property, Plant and Equipment are subsequently measured at cost, less accumulated depreciation and impairment. Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate assets (major components) of property, plant and equipment. Any gain or loss on disposal of an item of property, plant and equipment (calculated as the difference between the net proceeds from disposal and the carrying amount of the item) is recognised in surplus or deficit. Ongoing repairs and maintenance are expensed as incurred.

(j) Depreciation

Depreciation is calculated to allocate the item of property, plant and equipment cost less estimated residual value over their estimated useful lives of each component of an item of property, plant and equipment. Property, plant and equipment are depreciated on a straight line basis. Leased assets are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the entity will obtain ownership by the end of the lease term. Assets under construction are not subject to depreciation.

Depreciation methods, useful lives, and residual values are reviewed at reporting date and adjusted if appropriate. Land is not depreciated.

The useful lives used for straight line depreciation are:

Building Improvements	50 years
Computer and Office Equipment	2-5 years
Centre assets	2-15 years

(k) Employee entitlements

Short-term employee benefit liabilities are recognised when the entity has a legal or constructive obligation to remunerate employees for services provided up to reporting date for which settlement will occur within 12 months of reporting date, and are measured on an undiscounted basis and expensed in the period in which employment services are provided.

(l) Donated services

The work of Te Whānau Tupu Ngātaihi o Aotearoa – Playcentre Aotearoa is dependent on volunteer activity. Because of the difficulty of determining their value with reliability, donated services are not recognised in these Financial Statements. However, these donated services are acknowledged as a major contribution to the Parent and Group's operations.

(m) Goods and services tax

All amounts are shown exclusive of Goods and Services Tax (GST) except for Accounts Receivable and Accounts Payable which are stated inclusive of GST. Any GST payable or refundable at balance date is shown in the Statement of Financial Position.

(n) Taxation

The Parent and Group have been granted charitable status by the Inland Revenue Department and are considered to be exempt from taxation. No taxation has been provided for in the Financial Statements.

(o) Reserves or tagged funds

Reserves or Tagged Funds are reserves established by the Parent and Group for special purposes. The Parent and Group may alter these funds without reference to any other party. Revenue and expenditure relating to the Funds are accounted for in the Statement of Comprehensive Revenue and Expense, therefore the reserves are an attribution of accumulated revenue and expenses.

(p) Inventory

Stock on Hand is measured at the lower of cost and net realisable value. The cost of stock on hand is based on the first-in, first-out principle. Inventory is then subsequently measured at the lower of cost or net realisable value. The net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

(q) Leases

Operating lease payments, where the lessors effectively retain substantially all the risks and benefits of the ownership of the leased items, are recognised on a straight line over the lease term.

(r) Impairment of assets

Property, Plant and Equipment where an owned building is situated on leased land is tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, the age and condition of the building, as well as the period remaining on the lease is taken into consideration. Property, Plant and Equipment that suffered an impairment is reviewed for possible reversal of the impairment at the end of each reporting period.

(s) Cash and cash equivalents

Cash and cash equivalents in the statement of financial position comprise cash at bank and in hand and short term deposits with an original maturity of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. For the purposes of the statement of cash flows, cash and cash equivalents consist of cash and cash equivalents as defined above, net of outstanding bank overdrafts.

(t) Financial instruments

Financial assets

The Parent and Group's financial assets include cash and cash equivalents, trade and other receivables and term deposits. The Group's financial assets are classified as loans and receivables, and are recognised initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset.

After initial measurement, financial assets are subsequently measured at amortised cost using the effective interest rate method, less impairment. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. Interest is calculated using the effective interest rate method.

Impairment of financial assets

The Parent and Group assesses, at each reporting date, whether there is objective evidence that a financial asset or a group of financial assets is impaired. An impairment exists if one or more events that has occurred since the initial recognition of the asset (an incurred 'loss event') has an impact on the estimated future cash flows of the financial asset or the Group of financial assets that can be reliably estimated.

Collectability of trade receivables is reviewed on an ongoing basis at an operating unit level. An impairment allowance is recognised when there is objective evidence that the Parent and Group will not be able to collect the receivable. Financial difficulties of the debtor, default payments or debts more than 60 days overdue are considered objective evidence of impairment.

The amount of any impairment loss identified is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future expected credit losses that have not yet been incurred). Interest revenue continues to be accrued on the reduced carrying amount and is accrued using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss. Individual trade receivable balances that are known to be uncollectible are written off when identified, along with associated allowances.

If, in a subsequent year, the amount of the estimated impairment loss increases or decreases because of an event occurring after the impairment was recognised, the previously recognised impairment loss is increased or reduced by adjusting the allowance account. If a write-off is later recovered, the recovery is credited to finance costs in the statement of financial performance.

Financial liabilities

The Parent and Group's financial liabilities comprise trade and other payables. Trade and other payables are recognised initially at fair value, net of directly attributable transaction costs. After initial recognition, trade and other payables and interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest rate method.

Trade and other payables are unsecured and are usually paid within 30 days of recognition. Due to their short-term nature they are not discounted.

(u) Changes to accounting policies

The Parent and Group have early adopted the following new standards in these financial statements:

- PBE IPSAS 40 PBE Combinations - effective 1 Jan 2021 (applicable year ended 31 August 2022)

The standard and associated disclosures have been adopted to account for the amalgamation.

No changes in Parent or Group accounting policies were changed as a result of the adoption of this standard. Refer to note 13 for additional information on the amalgamation.

Impairment

Leasehold buildings are reviewed for impairment annually, or if there is a change in circumstances that indicates that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, the leasehold buildings are valued based on the age and condition of the building, as well as the period remaining on the lease. As a result of an impairment review, the Group recognised a \$4,216,975 impairment expense in 2019 to recognise that the Group would be unlikely to recover the full value of a building in a sale where the Group did not also own the corresponding land.

Note 6 – Commitments and contingencies

	Parent		Group	
	2019	2018	2019	2018
	\$	\$	\$	\$
(a) Lease Commitments				
0-1 years	55,704	38,685	78,263	88,006
2-5 years	98,229	72,000	172,365	153,295
5 years +	-	-	121,786	137,187
	153,933	110,685	372,414	378,488

(b) Contingent Liabilities

The Parent and Group own a number of buildings and property improvements on land that is leased from third parties. At the conclusion of these leases, there is a possible obligation to restore or “make good” the land to some extent. At present time the timing, extent and occurrence of the obligation is uncertain due to historically not having made good on these obligations due to buildings being re purposed by the Group or a third party. The Trustee Board have asserted the possibility of making good is remote and therefore no liability has been recognised in the financial statements.

Note 10 – Financial assets and financial liabilities

Financial assets:

Cash on hand	868,765	5,799,539	12,850,127	22,333,318
Trade and other receivables	526,003	1,116,630	235,546	85,538
Term deposits	10,752,489	5,123,756	12,091,649	6,739,461
	12,147,257	12,039,925	25,177,322	29,158,317

Bank term deposits are invested over a range of terms at and interest rate between 2.66% - 3.42% (2018: 3.1%-3.5%).

Financial liabilities:

Accounts payable	916,961	677,224	932,708	922,289
Funds Held on Behalf	1,985,347	1,450,042		
	2,902,308	2,127,266	932,708	922,289

Note 11 – Related party transactions

The Group's controlled entities carry out a significant number of transactions between them, reflecting the interconnectedness of the Group. The main examples are the provision of centralised Bulk Funding, payroll and insurance services along with other administrative functions which are carried out by the Parent offices and recovered from the centres through levies. Refer to Appendix A for a list of Controlled Entities.

We also acknowledge that transactions between centre members and their family connections take place often resulting in products or services being received at discounted prices or by donation. All large property transactions with related parties are reviewed by the Parent prior to approval for the project to proceed.

Note 12 – Key management remuneration

	Parent		Group	
	2019	2018	2019	2018
	\$	\$	\$	\$
<i>The total remuneration of members of the Trustee Board being honoraria paid to the Presidents and Trustees were as follows:</i>				
Total Remuneration	36,667	39,567	36,667	39,567
Number of Persons	7	6	7	6
<i>The total remuneration of the senior management group is as follows:</i>				
Total Remuneration	329,382	290,530	329,382	290,530
Number of Persons	4	4	4	4

Note 13 – Amalgamation

On 4 June, 2019 31 Associations (detailed in appendix A) amalgamated with the Parent and became Te Whānau Tupu Ngātahi o Aotearoa – Playcentre Aotearoa. The scheme, pursuant to the Charitable Trusts Act 1957, was started in 2017 and finalised by the High Court on 4 June, 2019. The purpose of the amalgamation was to support streamlining, a more efficient use of resources, and to provide a platform for further progress, growth and promotion of Playcentre Philosophy.

As at 4 June, 2019, the Parent recognised the assets and liabilities of the combining entities as follows:

	\$
Cash at bank	1,841,817
Property, Plant and Equipment	30,079,528
	<u>31,921,346</u>

As at 4 June, 2019, the following adjustments were made to the carrying amounts of assets and liabilities to eliminate the effect of transactions between the combining entities:

	\$
Accounts receivable - from exchange transactions	58,776
	<u>58,776</u>

No adjustments were needed to conform the policies of the combining entities to the Parent.

The revenue and expense, and surplus and deficit of each Association from 1 September, 2018 until 4 June, 2019 are included in the Group totals for the period. This is consistent with the prior period, where the Associations form part of the Group and are included in the Statement of Comprehensive Revenue and Expenses for the year ended 31 August 2018.

Note 14 – Prior period restatements

In the 2017/18 year best efforts were used to determine the ownership of the Building and land by Associations, where this information was not able to be substantiated the decision was made to not recognise the asset. In the proceeding period the ownership of all Building and land assets has been confirmed and written back. The table below summarises the changes made and the impact of the restatement as compared with the 2018 published financial information.

	PP&E Accum Dep \$	PP&E NBV \$	Depreciation Expense \$	Equity \$
Balance reported as at 31 August 2017	3,944,775	39,732,477	1,080,691	67,015,493
Effect of the prior period adjustment	33,410	3,792,157	33,410	3,792,157
Restated balance as at 31 August 2017	3,978,185	43,524,634	1,114,101	70,807,650

Additionally, there was a decision made to no longer levy Programme Revenue. For comparability, \$318,119 was reclassified from MOE ECE Revenue to Levies Revenue in the Parent.

There have also been other immaterial reclassifications to the 2018 comparatives to line up the Parent and Group accounts into one combined document.

Note 15 – Events after the balance date

On the 15th of October 2019 a restructure of Playcentre Aotearoa was announced, consultation and implementation is expected to continue through the first quarter of 2020, as at signing date 9 roles have been announced for disestablishment and no redundancy payments are expected for these roles.

Appendix A - Playcentre Aotearoa Controlled entities

For the year ended 31 August 2019

As a result of the amalgamation, the Associations merged into NZ Playcentre Federation Inc effective from 4 June 2019. A new Parent entity was formed named Te Whānau Tupu Ngātahi o Aotearoa – Playcentre Aotearoa. From 4 June 2019, the Group comprises the Parent and the centres.

Glossary of Māori terms

Aotearoa – New Zealand

Hapū – pregnant or subtribes

He waka eke noa – We are all in this together

Huringa Pūngao – Energy Transformation (Playcentre context)

Iwi – extended kinship group or tribes

Kaiako – teacher

Karakia – prayer

Kaupapa – matter of discussion

Kawa – a ceremony

Ko te mahi, ko te kori – learning through play

Mana – status

Mana Whenua – authority over territory/land

Manaakitanga – generosity and care for others

Mōrena – good morning

Ngā Mana – all authorities (Playcentre context giving authority to a decision)

Pepeha – a person's place of belonging

Pēpi – baby

Pōwhiri – to welcome or welcoming ceremony

Rangatiratanga – Leadership (Playcentre context of the word)

Tamariki - children

Tāngata whenua – indigenous people

Tapatapa Whenua – naming and claiming of land / naming of land

Te Ao Māori – the Māori world

Te Reo Māori – the Māori Language

Te reo me ona tikanga Māori – the Māori language and customs

Te whariki – weaved mat

Tēnā rawa atu koe – thank you very much

Tikanga – customs

Wānanga – learning forum

Whakatauākī – proverb by well-known person

Whakataukī – proverb

Whānau – family (Playcentre context)

Whānau tupu ngātahi – families growing together

Whenua o Aotearoa – land of New Zealand
