

Transitioning towards a New Education programme

Our Playcentre Education programme is being updated. NZQA has initiated this change by requesting that all qualifications are more uniform. We now have a new education programme called the NZ Certificate in Early Childhood Education and Care L4.

One big advantage is that this qualification is nationally recognised both within and outside of Playcentre. This qualification provides career opportunities in the early childhood sector.

Playcentre provides an education programme to support you as you learn alongside your children.

Thank you for your support and patience as Playcentre transitions from our old education programme to the new education programme.

Last date to finish old programme and receive an award

NEW EDUCATION PROGRAMME

ANY TIME

You can transition from the old into the new programme at any time (only completed modules or courses count for cross credit)

FROM 2021

From 2021, Course 3 and below are no longer valid for licencing

DEC 2020

From now until Dec 2020 is a transition period for licencing requirements

TRANSITION PERIOD

DEC 2019
