# TRUSTEE BOARD MEETING 17<sup>TH</sup> – 18<sup>TH</sup> MARCH 2017 (Mangere Town Library, Auckland)

#### Present

Alaine Tamati-Aubrey, Susan Bailey, Ann Langis, Clare Ferguson, Avis Stewart, Alasdair Finnie (General Manager), Veronica Pitt (Operations Manager), and Meagan Ranby (Secretary)

## Friday 17<sup>th</sup> March

The meeting commenced at 10.00am with a karakia.

Present: Alaine Tamati-Aubrey, Susan Bailey, Ann Langis, Clare Ferguson, Avis Stewart, Alasdair Finnie (General Manager), Veronica Pitt (Operations Manager), and Meagan Ranby (Secretary)

## **Meeting Administration**

## **Apologies**

Cynthia Murray

## Conflict of Interest

Avis - CEO Mid North Playcentre Association

Clare - Past President of Hutt Playcentre Association

Alaine – Taranaki Playcentre Association R p

Susan – Life Member of Hutt Playcentre Association and Naenae Playcentre project

Alasdair - Chair of English Language Partners NZ

Ann - Employee North Shore and life member Narrowneck Playcentre

## Additions and prioritising the agenda

The Trustees reviewed the agenda and what was needed to be covered during the meeting.

## Additions to the agenda:

• Grief Relief Workshop PLD for the Trustee Board

## **Approval of Previous Minutes:**

These had been circulated prior to the meeting and discussed on Loomio.

10<sup>th</sup> – 11<sup>th</sup> February 2017 Trustee Board Meeting Minutes – Meeting ratified the Loomio approval of the 10<sup>th</sup> – 11<sup>th</sup> February 2017 Trustee Board Meeting Minutes and distribution.

## **Next Steps:**

Secretary to distribute the following minutes to the whole organisation:

4 10<sup>th</sup> – 11<sup>th</sup> February 2017 Trustee Board meeting minutes

## **Amendments to the Previous Minutes:**

## Amendments to the 10<sup>th</sup> December 2016 Trustee Board Meeting Minutes is as follows:

Page 3: Paragraph starting "Highlighted the achievable #s..." need to change "The T ngata Tiriti hui strongly felt that travel needed to be covered for cluster meetings, the meeting determined self-managing/centre paid travel." to "Some in the T ngata Tiriti hui strongly felt that travel needed to be covered for cluster meetings, but the meeting agreed on self-managing/centre paid travel."

Meeting agreed to approve the amendments to the 10<sup>th</sup> December 2016 Trustee Board Meeting Minutes.

## **Correspondence (January and February 2017)**

The correspondence had been circulated prior to the meeting and discussed on Loomio.

Meeting ratified the Loomio approval of the January and February 2017 incoming and outgoing correspondence and distribution.

#### **Next Steps:**

Secretary to distribute January and February 2017 correspondence.

## Matters arising from the Minutes

#### **Financial Analysis of Structure and Sick Leave**

Not ready as yet, will be presented to the May Trustee Board as a draft budget. Focus at present for the CFO is the financial information for the legal amalgamation.

## **NZPF Bicultural Component 2016**

Suggested to be transferred to the M ori Development Manager.

Meeting agreed to transfer this task to the M ori Development Manager once recruited.

## Financials (December 2016 and January 2017)

The December 2016 and January 2017 financials had been circulated prior to the meeting and discussed on Loomio.

Meeting ratified the Loomio approval of the December 2016 and January 2017 financials and distribution.

## **Next Steps:**

Secretary to distribute December 2016 and January 2017 Financials.

## **Cash Reserves**

There will be valid reasons why certain funds need to be ring-fenced, for example, where a grant was provided for a specific reason. We then have a fiduciary duty to ensure it is spent in the manner that it was intended. However, Playcentre as a whole, which includes Associations and Centres, have recognised and committed to the need for significant change. As an organisation we need to ensure that all Regional Hubs and Centres flourish, and that funds are used with maximum impact.

The 2014 Roadshow paper, which was printed in the Playcentre Journal, stated that Playcentre had recognised "We can choose to look after each other if we use our funding more strategically and become one family in one national organisation" to "better support everyone".

It is **recommended** that the model discussed above, that fulfils this outcome the best is the **fourth model** where we manage our funds on a centralised basis, where it goes to the initiatives that fulfil our strategic priorities, wherever in Aotearoa, that it happens to be in. However, there are certain important reasons to ring-fence certain funds e.g. from tied grants, and they should be recognised.

The Trustee Board should agree on a principle for treating assets and liabilities that are transferred from Associations. Once the guiding principle is decided upon the Federation management team will write a policy on this treatment.

#### Discussion:

Email received from Nelson Playcentre Association; there are funds available that  $r \ p$  Association has queried due to no  $r \ p$ , "appropriate in terms of preserving (for want of a better word) the assets etc for future whanau especially as we move to amalgamation". This highlights that Association  $r \ p$  cash reserves also needs to be considered under this topic. Hui Tau M ori had considered the management of the cash reserves for  $r \ p$  and how this could be used in the amalgamated structure. Noted, there are  $3 \ r \ p$  bank accounts that are not under Association umbrellas.

Funds which are tagged for a good reason needs to be respected and retained as such but need to think about the organisation as a whole.

Suggested that Associations consider what they wish to use their internal ring-fenced funds for in the amalgamation structure; encourage Associations to communicate with external stakeholders regarding the release ring-fenced funds.

Property bequeathed to Associations will be automatically transferred to the amalgamated organisation. Possibly need to contact the original owners. General Manager to investigate bequeathed and ownership of property further.

Suggested that templates or examples are made available to Associations to support them to work through scenarios regarding their funds and making decisions. Need to identify what a 'good reason' is.

Centres who have applied for grants will still have access to this. Highlighted that Associations currently support Centres in the required reporting of the received grants.

Discussion of management, support and accountabilities of funds and accounts in the future. Legally the Trustee Board will be accountable for the whole of the organisation.

#### Decision:

Meeting agreed to the recommended option 4: On transition, Regional Managers apply to have a certain amount of funds ring-fenced. A specific reason will need to be provided for the ring-fence to be granted, for example, a grant was received by an Association for a specific purpose, that the Association has not managed to implement as yet.

#### Next Steps:

- Operations to provide templates/examples for Associations to assist in the consideration of how the funds are to be managed.
- > CFO to consider the extent of the information that should be collated now.
- May Trustee Board meeting agenda Cash reserves update

The meeting went in committee at 11.25am and came out of in committee at 11.35am

## **Education Team Report**

## 1. Education Team Plans up to November 2017 Recommendation:

Do this before the end of the first term of 2017 [it is my understanding that this will not be happening until June 2017???] There is no agreement about the scope of the jobs or the funding possibilities.

#### Discussion:

The Human Relationship Manager is currently having conversations with the Tertiary Education Funding Manager and Training Coordinator regarding the job descriptions for the Education roles for the amalgamated structure.

How do we ensure members complete the training in the short time that they are at Playcentre?

Discussion regarding the Education Co-Convenors regarding where they fit within the amalgamated structure and governance. Governance of the PTE will sit on the Trustee Board. Recognition of the knowledge and skills held by the Education Co-Convenors and how this could be utilised in the amalgamated structure.

Highlighted that there is the possibility of sub-committees in the amalgamated structure.

Discussion needs to be held about bringing the work completed into the amalgamation plan.

Transition for the Education Team needs to start now with the aim to handover to Tertiary Education Funding Manager and Training Coordinator in October. Transference of any signatories for the PTE will need to be transferred in October.

Discussion regarding what needs to be handed over; whether it is governance and management and where governance would be handed over.

### **Next Steps:**

- General Manager to have a conversation with Tertiary Education Funding Manager and Training Coordinator regarding the Education report.
- > Susan, Cynthia and the Change Programme Manager to have a conversation with the Education Co-Convenors regarding operations within the report.

## 2. Plan and Deliver Professional Development for the National Tutor Pool Recommendation:

Trustee Board to approve extra funding to support the professional development for the national tutor pool.

#### Discussion:

Veronica discussed the budget for the provision of the delivery and structure of the training programme from bulk funding and TEC. Usually professional development for the tutors would have occurred at the National Education meeting, but the purpose of the National Education meetings was interpreted by Associations differently.

#### Decision:

Meeting agreed to the CFO considering the provision of professional development for the national tutor pool whilst drafting the overall budget.

## **Next Steps:**

- Human Relationships Manager to consult with education staff on the recent survey of teaching staff.
- > CFO to consider education professional development when drafting the budget.
- Operations Manager to investigate professional development for tutors through Exult.

## **Licensing Agreement Renegotiation**

#### Background:

**The current Licensing Agreement** applies to Playcentres belonging to Playcentre Associations that are affiliated to the New Zealand Playcentre Federation Inc. (NZPF) and was driven by a change in Playcentre qualifications in 2001. It does not apply to any other Early Childhood Education (ECE) service. The current Agreement between NZPF and the Ministry of Education (MOE) has two parts:

- A. **The session supervision requirement** The unique Playcentre context is defined and a set of Association and centre responsibilities identified. The supervision of Playcentre sessions requires Playcentres to use a supervision plan that is approved by their Playcentre Association.
- B. **The qualification requirement** The qualification requirement for adults responsible for supervision of Playcentre sessions was approved by the New Zealand Qualifications Authority (NZQA), the Ministry of Education and the New Zealand Playcentre Federation Inc. and is based on courses in the Playcentre Diploma in Early Childhood and Adult Education. These 'qualifications' were published in the 84<sup>th</sup> issue of the New Zealand Gazette on 9 August 2001 and took effect on 1 January 2002. (Ref Playcentre licensing circular 2001)

A new Licensing Agreement is needed at this time both to reflect the structural change taking place in the Playcentre organisation and because of the change in qualifications to be delivered by Playcentre Education.

A new agreement and negotiations will need to consider:

- 1. The unique Playcentre context as understood by Playcentre and MOE
- 2. Qualifications for licensing in Playcentre
- 3. Possible Opportunities
  - i. Improve Access to quality Funding (rate2)
  - ii. Cluster model
- Transition Process (including analysis of qualifications actually being used for licensing now)
- 5. Communication strategy to be developed once an agreement is reached

#### **Communication strategy**

While the organisation is discussing a new licensing agreement perhaps we set up a Frequently Asked Questions and Answers option somewhere anyone wanting clarification can pose a question which can be answered. Q and As cumulatively building up for others to read.

It is really important with any change clear messages are distributed. A communication strategy which involves both Playcentres and MOE offices can be designed once agreement is reached.

#### **Discussion:**

Concerns raised about the Education Team report and the variation between the report and the licensing renegotiation report.

Need to seek common language when writing the polices i.e. Education Act, Te Wh riki etc.

The supervision requirements need to fit with the Playcentre Aotearoa constitution. Good opportunity to review the supervision requirements to fit with philosophy. Add '/' between parent caregiver.

Discussion regarding quality funding and the ability to renegotiate the minimum qualifications for licensing. Who sets the minimum qualifications for licensing. Highlighted what is proposed is a big difference compared from Course 3 to Level 4 currently. Concerns raised about sustainability; there is a low number of quality funded sessions.

Concerns raised whether the plan is achievable and whether the higher qualifications is setting the organisation up to fail.

The PTE database would be able to give some indication of how long members stay at Playcentre. Discussion on how long the average parent stays at Playcentre.

What is the difference between the Level 4 Playcentre Educator Award 20 credits and the NZ certificate in Early Childhood Education level 4 60 credits. Could there be another level between these two? Concern there is two people holding the supervision levels and how this affects the group supervision model.

Playcentre offers leadership training so possibly the framework suggested includes this to be able to provide quality Playcentre sessions; need confirmation about this.

Balancing internal individual needs of participants and needs of quality. Have other completion options been considered?

Internal consultation – what does this look like? Who would be consulted? Assumption that the consultation would occur with the Association Education Teams; consideration of the amount of workload being distributed to Associations.

Renegotiation will consist of the licensing agreement but not of the funding rate. Renegotiation of the funding rate will need to occur after the amalgamated operational structure has been completed.

The suggested training framework does not reflect the co-operative nature of Playcentre. How does the MoE licensing criteria match the NZQA framework; we have to provide MoE what Playcentre suggests is the licensing under the new framework and negotiate with MoE whether this would be appropriate.

Veronica gathered information to the questions from the Training Coordinator:

The writing teams have had the same concerns and trying to work through those concerns. MoE has not set any minimum terms.

The Training Coordinator had concerns about adding the level 3 qualification as it is 60 credits which would take the same amount of time to complete as the level 4. It is part of a secondary school qualification and very basic, below the basic knowledge of those that would be completing the training. The standard for any employment qualification is level 4, the current course 2 and 3 qualifications are already at that level it is simply that number of credits is more to achieve level 4.

Concerns about the time to complete the training has been recognised this is due to current delivery options and scheduling; investigation of other options is also being considered.

Concern raised by the Training Coordinator that to add another internal qualification would be setting the bar too low; people will aim for the lowest qualification. If we set the lower levels we run into problems with the completion rates for TEC; leading to less funding received.

Noted the level 4 qualification is a recognised qualification that can be used outside of Playcentre. If we add additional 'stepping stones' then the organisation may need to be open to taking potential members that have completed level 3 as a qualification recognised within Playcentre. A selling point for members is the recognised qualification at the end. Level 4 is pitched at the team leader level and level 5 is pitched at session support level.

Need to get NZQA approval prior to approaching MoE for the renegotiation. A discussion held with MoE indicated that there may be the ability for them to review the programme whilst NZQA is reviewing it. Would the completion percentage be used to negotiate with TEC? The negotiation round is scheduled to be in May 2017. Currently lose 5% of funding each year because we don't meet the completion rates.

An individual needs to complete 60 credits to achieve level 4. Discussion regarding the possibility of adding an additional qualification that is credits towards the level 4 certificate.

Discussion held on the resources currently available for students to complete versus the possibilities in the future.

Suggested to highlight to members what roles would be available to those that complete the higher levels of training. Concerns raised on not having the programme content available to view.

#### Decision:

Meeting agreed that the Trustee Board holds concerns that the time to complete the credits for the proposed qualifications is not achievable and sustainable at this stage and more information is needed before a decision can be made.

More information is required and the Trustee Board would like the Training Coordinator to investigate whether there is the possibility of creating a course that is worth 40 credits.

## Next steps:

- Operations to support the communication between NZQA, MoE and the Training Coordinator once the programme is written.
- Operations to communicate with the Education Team on the request for the required information for a decision to be made i.e. the NZQA framework compared to the proposed qualification. Analysis on meeting or exceeding the standards in the NZQA framework. Requested student data; completion rate for courses, enrolment rate for courses, duration, etc.
- > Secretary to complete the analysis on the pink stats.
- Information to be loaded onto Loomio for a decision by the Trustee Board. Possible Skype meeting to discuss further.

## **Playcentre Property: Insurance Tender**

A matter for your consideration is whether you want the Trustee Board (via Loomio) or authorise the General Manager to make the decision to join a shared insurance scheme with Te K hanga Reo National Trust or go out to tender as originally planned for Playcentre insurance contracts.

#### Discussion:

Consideration should be given to the costs related to insurance levies. A managed scheme seems like the best option going forward but question whether there are other insurance companies that could give a better quote.

Suggestion to approach Crombie Lockwood directly to see what they will offer Playcentre; noted there is a process to follow for tender for insurance.

#### Recommendation:

#### Decision:

Meeting agreed to the General Manager making the decision regarding options for Insurance.

## Next Steps:

> Update to be presented by the General Manager to the Trustee Board.

## Schedule of Delegations and Change of Signatories

Meeting agreed to update of the Delegated Authorities Policy and Schedule (attached).

#### **Next Steps:**

> Removal of signatories will be placed on the agenda for a future Trustee Board meeting once the paperwork has been completed.

## Te Akoranga CYCLE Paper

Decide that there be one "Programmes Levy", such that SPACE, Babies CanPlay, CYCLE, and potentially any other programmes are charged the same levy rate. SPACE and Babies CanPlay levy currently set at 10% for March 2017, 15% for July 2017 and 30% from November 2017.

This option would give simplicity in that there are 2 possible levy rates and all 'alternative' programmes are being treated equally. It would also give clarity for any future programmes that are developed around the levy they should expect to pay.

The income for CYCLE programmes is lower than that for SPACE/Babies CanPlay, due to the different funding rates for 'Under 2's' and '2 and overs'. This means that a larger proportion of the funding goes on facilitator costs, even where both programmes have 2 paid facilitators per session. A 30% levy would mean that CYCLE programmes would need to find additional funding just to meet the facilitator costs, let alone any session running costs.

CYCLE programmes could be given some assistance to ensure they are maximising the opportunities for funding.

The Programme Coordinator already proposed at a regional level for the SPACE/Babies CanPlay programmes would also oversee CYCLE, and this along with other admin and property costs would be covered by the 30% levy.

This was approved via Loomio; this decision will be in reserve if the Te Akoranga paper is agreed to at National Executive.

#### Discussion:

Trustee Board cannot investigate until further data is gained from all Associations; noted this is not a current priority and that will be decided by operations at a later date.

The National Executive needs to know what it will look like in the amalgamation and the full impact on the budget; this information needs to come from Operations.

By applying the reduced levy to the CYCLE programme it is a risk that other Associations may request the same levy. Where will the funding be taken from the budget if the reduced levy is applied?

Suggested that the National Executive is given information and a recommendation that this decision is a management decision.

\$30,000 is total of bulk funding for CYCLE levy 50% is \$15,000. If other sessions request to be given the same consideration this is a risk to the budget and the amalgamation.

Information required to be presented to the National Executive meeting:

- > Funding implications
- Risks of agreeing with recommendations from Te Akoranga paper
- Impact on the amalgamation
- Summary of numbers
- > How the decision of the SPACE/Babies Can Play was made

Need to consider how this would impact the whole and need to look at the wider implications of this decision.

The information from Operations to be sent to Te Akoranga Playcentre Association prior to distributing to the whole of the organisation.

Noted, the CYCLE programme has been running for 9 years and yet to be sustainable.

## **Next Steps:**

- ➤ The operations paper to be loaded onto Loomio by Wednesday 22<sup>nd</sup> March 9am review by the Trustee Board.
- Final paper to be sent to Te Akoranga Playcentre Association on Thursday 23<sup>th</sup> March 9am, Ann to contact the Association to communicate that a Trustee response is being collated and the Association will receive this prior to the rest of the organisation.
- Secretary to distribute the information to Associations on Monday 27<sup>th</sup> March.

## **Conflict of Interest**

Highlighting what is a conflict of interest and confirming this in the meeting; this was done well for this meeting.

## **March National Executive Meeting**

## General Manager Observer

Open invitation to the General manager to attend each whare as and when he is available to observe. Noted need to manage the behaviours within the houses i.e. the awareness of the General Manager only observing in the whare. Reminder to be given to the delegates of the need of both whare to be given the 'same information at the same time'.

Check with each whare at the start of the meeting to ensure they are ok with this.

#### Decision:

Meeting agreed to offer an open invitation to the General Manager to attend each whare as and when he is available to observe

#### **Next Steps:**

Susan and Alaine to communicate this to the house facilitators so they are aware.

Meeting closed at 6.06pm

## Saturday 18<sup>th</sup> March

**Attending:** Alaine Tamati-Aubrey, Susan Bailey, Ann Langis, Clare Ferguson, Avis Stewart, Alasdair Finnie (General Manager), Veronica Pitt (Operations Manager), and Meagan Ranby (Secretary)

## Welcome, Opening and Karakia

The meeting opened at 8.30am with a Karakia

## **Legal Amalgamation Affidavit**

Report received from the Honorary Legal Advisor with an update of the status of the completion of the legal amalgamation affidavit.

It was noted the completed documentation needs to be sent to the Associations prior to the submission to the Crown Law Office to review.

The CFO is providing the financial information to the Honorary Legal Advisor as the priority.

Have a deadline of the document being sent to Association prior to the National Executive meeting, allowing for a week to be reviewed by Associations and then submission to the Crown Law Office.

Veronica noted that from a conversation with Neilson Law, they advised that 13 Associations of the 29 that are using the Federation lawyers have not sent back the letter of engagement to the lawyers.

Suggested to have these signed by the delegates at the National Executive meeting.

#### Decision:

Meeting agreed for the documents (when completed) to be circulated to the Associations before submission to Crown Law Office.

## **Next Steps:**

- Operations Manager to follow up the letters of engagement from the Associations who have not returned this document.
- General Manager to request Hon Legal Adviser, David McLay, to ensure relevant Charitable Scheme documentation is distributed to Associations prior to the National Executive meeting on Friday 31 March, providing them with a week to provide him (the Hon Legal Adviser) with any corrections/edits.

## **Grief Relief PLD**

Susan has had a conversation with Clare Laurenson, <a href="www.griefrelief.co.nz">www.griefrelief.co.nz</a>, regarding the grief process that members will be going through as the changes of the amalgamated structure continues. Recommend that Clare provides PLD to the next Trustee Board meeting so the Trustee Board can better support members through the change.

Suggested plan something positive and inspiring for the Conference.

Discussion regarding the Human Relationships Manager providing grief/redundancy advice to Association employees. EAP is already provided for employees as an individual support through this change.

#### Decision:

Meeting agreed to Susan engaging Grief Relief to provide PLD for the Trustee Board meeting in May.

#### Next Steps:

- > Susan to negotiate a voluntary group rate for providing this service to the Trustee Board.
- Finance to inform Susan how much budget is available for Trustee Board PLD.
- May Trustee Board meeting agenda Grief Relief

## **March National Executive Meeting**

## Logistics

Quorum has been reached for the meeting.

The Change Programme Manager, Human Relationships Manager and CFO will be attending the National Executive meeting in the role of supporting the amalgamation plan presentation and will be available to answer questions that come up from this presentation.

Suggested having parking bays available so people can write their messages and questions on post it notes.

Suggested the Change Programme Manager, Human Relationships Manager and CFO to put together a FAQ to be distributed to the meeting prior to the presentation.

Discussion regarding the run sheet for the National Executive meeting and amendments made as necessary.

Discussion held on the role modelling for the governance discussion paper section of the agenda.

Discussion regarding voting at the National Executive Meeting and how this is presented as an option of decision making at the meeting.

A remit will need to be presented to the November AGM regarding March 2018 National Executive.

## **Next Steps:**

- > Operations Manager to contact possible third Advisory Panel members.
- > Secretary to let the Operations Manager know what gifts are available.
- Secretary to provide parking bays in each room for questions
- Secretary to order resources/stationery for the National Executive meeting; people to let the Secretary know what is required by Wednesday 22<sup>nd</sup> March - Large Post it notes
- Matters arising from the October 2015 and March 2016 National Executive meeting minutes Secretary and Operations Manager to review
- > Wording for Alaine for the National Executive meeting minute decision to be given by the Secretary.
- Diversity video link to be provided to the Operations Manager for IT set up.
- Secretary to prepare the voting papers in case the decisions are moved to a ballot vote.

## Reports

## T ngata Tiriti Trustee Board Report

1. Advocacy – Key messages (Susan's portfolio)

### Background:

Opportunities arising for attending political events as we approach the election; There is a need for consistent messages to be developed and shared with our members [See attached "EEF Election 2017 Federation key messages" as an example]

#### Impacts:

Strong, consistent approach to Playcentre perspectives being represented

#### Concerns:

Mixed messages being represented in different forums, different parts of the country

#### Considerations:

Focus on our strengths, our philosophy, a positive future that includes Playcentre supporting parents as the first and best educators of their own children, in their own communities, in a cooperative way.

#### Recommendation:

Engage wider membership in developing these messages (Maureen Woodham's elevator spiel, Dalene Mactier positive framing, Jeremy Randerson civic messages, etc)

#### Decision:

Meeting agreed to Susan coordinating this advocacy project to engage wider membership in developing these messages with the assistance of Maureen Woodham's elevator spiel, Dalene Mactier positive framing, Jeremy Randerson civic messages, etc.

#### **Next steps:**

Susan to coordinate the development of a one page document.

#### 2. Tangata Tiriti Hui 2017/2018

#### Background:

Inaugural T ngata Tiriti Hui held in 2016 – no established processed for holding an annual Hui for T ngata Tiriti

#### Impacts:

Opportunity to continue building T ngata Tiriti culture & developing our shared vision

#### Concerns:

Budget not available

## **Considerations:**

Need to be specific about the purpose of the Hui

When is a reasonable time to hold it – AGM in November; new budget year 1.9.17; timeframe for AGM papers & nominations for AGM 8 weeks prior?

#### Recommendation:

Planning for T ngata Tiriti Hui is discussed at National Executive (T ngata Tiriti whare).

#### Discussion:

There is no provision in the current budget, which ends in August, there is an expectation that there will be budget allocated in next year's budget. The funding allocation in the budget will be based on the amount used for the last T ngata Tiriti hui.

T ngata Tiriti to consider when their meeting will be held in line with consultation to National Meetings.

#### **Next steps:**

Budget confirmed as being available, planning can begin

## 3. March National Executive registrations cost Background:

Cost for last National Executive \$488 – this time \$530

T ngata Tiriti Hui at same venue; costs (excluding travel) =\$16,515.92 (budgeted \$21,795.59)

#### Impacts:

Are we able to reach quorum?

#### Concerns:

Deterrent for attending

#### Considerations:

Additional costs for National Executive: more meeting rooms & professional development. Venue has its own shuttle.

#### Discussion:

Are there other costs that have created the increase in registration?

Noted that the costs of T ngata Tiriti and the National Executive meeting would need to be compared including the specific costs involved.

## 4. Supporting the Playcentre Journal (Clare)

## Background:

Lack of articles being provided

#### Impacts:

Delays in production & smaller issue

#### Concerns:

Loss of content & readable interest

#### Considerations:

**Priorities** 

#### Discussion:

How can the Trustee Board genuinely support the Journal?

Where does the Journal fit in the Annual Plan?

Journal Editor is getting frustrated that articles are not being supplied or provided on time and the management of what articles to use in available space.

Suggested to use past journal articles.

Need governance strategy of what types of information would like to be seen in the journal in the future. Need clarity of the audience intended for the journal. The intended audience is the membership of Playcentre but awareness needs to be given that it is available to the wider public.

## T ngata Whenua Trustee Board Report

## 1. Trustee Board Links & Portfolio / Review:

As we transition to Governance it is timely we review Trustee Board Portfolio Links.

**Background**: Historically, Standing Committee/Trustee Board held 'Portfolios' as 'Areas of Operation' due to lack of employees and to ensure the maintenance of these areas to review policy. Links are to enable Reporting and Relationship Building.

Links & Portfolios were distributed to the organisation in June 2016. See attachment, which has been highlighted and comments.

#### Impacts:

- Enabling a distinct line between Governance and Operations roles, responsibilities and tasks;
- Enabling General Manager to grow his team without cross-communications and quasi-reporting
- mechanisms;
- Enabling General Manager to establish clear communication lines with Operational team;
- Enabling clear Governance-Operations communication line.

#### Concerns:

- Timing: the General Managers priority is the amalgamation. When/Time 'Links & Portfolios' are passed over to the operational team should be managed by the General Manager;
- Handover: tacit knowledge and incomplete projects need to transfer. How does this happen?

## Considerations:

There will always be operational deadlines that need to be met. Time and turnover is highlighted here;

- ♣ Ensuring the wider membership both governance & operational are notified;
- Indication of Trustee Board moving towards Governance only and away from Operations/Management responsibilities and tasks;
- This will also trigger review of Trustee role descriptions, Code of Conduct and NZPF Confidentiality agreement.

#### Next steps:

- Trustee Board to feedback thoughts on the changes needed as indicated in attachment.
- Operations to review and amend and bring to the May Trustee Board meeting.
- May Trustee Board meeting agenda Trustee Board Links and Portfolios.

## 2. SPACE NZ Trust: - use of NZPF Air New Zealand booking service

**Background**: Susan has made contact with past co-presidents Marion Pilkington and Maureen Woodhams for historical knowledge and clarification. When SPACE was under Hutt Playcentre Association, the NZPF Air New Zealand booking system was utilised. There was no Memorandum of Understanding as this was considered as supporting the Association. Currently SPACE NZ Trust utilise the

NZ Playcentre Federation (NZPF) Air New Zealand booking system. SPACE NZ Trust is invoiced for ticketing fee and cost of flights.

#### Impacts:

- NZPF Employee and Contractor tasks and time in processing;
- Cost to NZPF unknown;
- This is not a priority for the Operational team;

Concerns: as indicated in Impacts.

#### Considerations:

- Awareness of the relationship between NZPF & SPACE NZ Trust;
- Best way forward for NZPF;
- Less focus for Operational team on amalgamation.

#### Decision:

Meeting agreed to no longer offer this service to SPACE NZ Trust.

#### Next steps:

Operations to advise SPACE NZ Trust this service is no longer available.

## 4. Rental Car for HaTM2017

As M ori Federation Officers will be 'hosting' Hui -Tau M ori 2017. We will need to hire a vehicle for a. if delegates need a doctor or other health reasons and

- b. any further unidentified local travel/needs.
- c. We recommend that as Avis' details are on file a car be hired.

## Next Steps:

Secretary to contact Avis on the requirements for the rental car.

## **Lock-Down of Decision Making**

The following was raised: "while we are building capacity for partnership relationship at cluster r p level, what mechanisms can we put into place to avoid lock-down of decision-making at AGM level where the houses cannot reach consensus?"

**Background**: The Honorary Legal Advisor was asked the above. He reminded me of the current constitution clause 10, that being:

- 10.2 Where consensus does not produce a decision, and a decision is required, the following options shall be considered:
  - 10.2.1 suspend deliberation pending further information/research;
  - 10.2.2 delegate the decision to the Trustee Board; or
  - 10.2.3 use formal voting detailed in Clauses 10.3 and 10.4.
  - 10.3 Voting entitlement at meetings of the Federation shall be as follows ....

#### Impacts:

Ensuring resources are prepared and available;

Preparation, understanding as a team the tools the organisation has available.

#### Concerns:

- Current constitution voting differs for General meetings and National Executive meetings.
- ♣ Trustee Board knowing and agreeing what decisions could fall under 10.2.1, 10.2.2 and 10.2.3.

#### Considerations:

- 💶 AGM decisions there is a 'standard list' e.g. Honorary Auditor, Legal Advisor ...
- Other decisions, would need to be identified for clarification and a way forward established at Trustee Board in preparation for Conference

#### Discussion:

Discussion on the history of the two house model and passing this history on to our membership. Encourage members read the Te Tiriti o Waitangi Audit, April 1999 and Structural Analysis Report for Playcentre, May 2005 and encourage people to act in Whanaungatanga.

Centres are building relationships, clusters are further building on relationships, the perspectives will be shared at these levels which will filter through to the national meetings.

There is natural representation of all cultures at centre level, is the cluster level needing this representation? This is the role modelling that is needed at National Executive. Recognise this is an issue.

Discussion regarding race versus culture.

Issue is whilst we encourage the partnership in the Centres and clusters there will be some clusters that don't have any M ori representation or wh nau M ori that may not want to be part of that role. Highlighting that clusters may ask wh nau M ori to be the token M ori representation for biculturalism.

T ngata Tiriti Trustee Board to manage the need of the T ngata Tiriti caucus to work effectively in the Tiriti o Waitangi framework. The doing is to have conversations and work on building these relationships.

The T ngata Tiriti hui and Hui Tau M ori are facilitated or managed by the Trustees to ensure the hui are working on the same page.

Since October 2015 the National Meeting decision making process has been managed better from learning from the outcomes from the October 2015 National Executive Meeting.

Notification of what will occur at the upcoming Hui Tau M ori is stated in the T ngata Whenua Trustee Board report each Trustee Board meeting for awareness.

If people have an initiative at the cluster level then need to consider how that initiative will be researched further in partnership.

At what point does learning of the two house model occur to prepare our members prior to attending the National Meeting?

When does the learning of the 4 p's, partnership, participation, protection and spirituality, honouring Te Tiriti o Waitangi happen and how does it looks at each level?

Acknowledge when decision making has worked well in the past and how far we, as an organisation, have come in our bicultural journey.

Suggested this concern is included as part of the governance paper discussion at National Executive.

Houses are able to write their own papers within their own processes. Consultation needs to happen with both houses prior to the meeting. Each house has the criteria of the Advisory Panel and are strongly encouraged to consult with their r  $\,p\,$ .

Meeting closed at 2.50pm

#### **Next Trustee Board meeting:**

Online Meeting 24<sup>th</sup> April 7.30 – 8.30pm

Trustee Board 5-6<sup>th</sup> May 2017, Wellington – Reports due in 27<sup>th</sup> April

Amalgamation project	
Overview	Positive progress has been made since the last Trustee Board meeting on moving the Amalgamation along, particularly with the commencement of employee consultation and an engagement process with other members of Playcentre, plus the further development of the Amalgamation Plan.
Projects	
Change Programme 2017-2018	Cissy Rock, Change Programme Manager, reports:
	The engagement document has gone out to Associations, Centres, Federation personal and life members. A number of phone calls and emails have resulted, with the main theme being relief at the sense of momentum, as well as being provided with a vehicle to express opinions greatly appreciated. I have also scheduled two skypes, the first of which we mainly discussed centre support roles and the potential loss of institutional knowledge.
	My main focus has been on the Amalgamation Plan, which has a fresh look and is very easy to follow. I imagine the plan will alleviate rumours and the unknown, giving Associations real timeframes to work with. This will assist with trust building.  National Executive will be a pivotal opportunity to demonstrate our ability to hear, respond and co-create. I am planning the workshop with Alasdair so that it will be dynamic, interactive and useful.
	Associations I am actively working with:  • Northland to encourage the adoption of Mid North Centres  • Mid Canterbury to assist with an MOU with Canterbury

	Tamaki – needs property support
	Hot spots on my radar and needing further contact as of 7/3/17:  • South Canterbury (recent) needs financial support  • Hawkes Bay  • Central Hawkes Bay  • Nelson  • Otago  • Southland
Employee consultation	I am working my way through the list of Associations, touching base in a number of ways. Future focus will need to be ensuring conditions are ripe for a regional approach.  Julia Frew, Human Relationships Manager, reports:
Consultation	Feedback is coming in from employees slowly. Key themes so far are around if the centre support roles (Centre Admin and Session Excellence Facilitator) have enough hours allocated to support Centres, and questions around timeline and process to move people over/make redundant.  Alasdair and Julia held a number of skype meetings with all in the Federation team, to ensure they were given the opportunity to ask for clarification on the document, and to reiterate we are here to support them during amalgamation, as well as to encourage them to provide feedback on the proposed structure.
	A reminder that the timeline from here is: 17th March feedback is due on this first round of employee consultation. Then Julia and Cissy will collate and theme the feedback and this will be provided to Alasdair to review then place on the TB's Confidential Loomio by 28th (at latest) for consideration, as updated structure needs to be sent out by Julia on 7th April for the second round of consultation. We'd also like to try and give Association Presidents/HR contacts a few days advance notice of the updated structure document too.
Telecommunications	Meagan Ranby, Secretary, reports:
	To date 77 Centres have phone connections. Our contact at CallPlus is confident that all phone connections, excluding those

Centres that have not provided information or those needing remedial work completed, will be able to be completed by the end of March. It has been highlighted that there is a need for both CallPlus and I to be able to see the information in real time so CallPlus is developing an online database which we both can access to see the status of Playcentres at any one time; another manager will be able to have access to this also if we wish. CallPlus and I will have weekly online meetings prior to the Management Team meeting to be able to relay up to date information to Management.

I have sent out 100 emails to Centres and Associations in the week beginning 27 February seeking the information required for their connections, and another 103 emails have been sent out in the week beginning 6 March.

Alan Taylor, Property Fund Manager (Central and Northern), has inquired with a few regional funding agencies as to the possibility of grant applications being successful to complete the remedial work required for the Centres not able to connect due to wiring or trenching, etc being needed; so far indications have been positive.

Meagan will include an update in the supplementary Federation News in the week beginning 13 March.

# Playcentre Property: Insurance Tender

A report by Alan Taylor, Property Fund Manager (Central and Northern), to me is attached for your information.

I have supported the continuing investigation of the Kohanga Reo Scheme as it has the potential to lower our overall insurance costs for property and contents if we have a shared insurance arrangement with them. They are also seeking Business Interruption insurance, which we hold already. As you will see, we should be able to decide this by the end of March.

A matter for your consideration is whether you want the Trustee Board (via Loomio) or authorise the General Manager to make the decision to join a shared insurance scheme with Kohanga Reo Trust or go out to tender as originally planned for

	Playcentre insurance contracts.
ELI/SMS	Veronica Pitt, Operations Manager, reports:
	Work is underway to bring 165 more centres on to the SMS in April, with the remaining centres following in May. Julia Frew, Human Relationships Manager, is assisting with the HR aspect of the project as we are asking Associations to employ the data entry personnel. Ongoing conversations are occurring with the pilot Associations around errors or concerns (some are programme-related and some are human error) and further training.
Xero	Veronica Pitt, Operations Manager, reports:
	Nothing new to report at this stage. Possible that one or two more Centres have signed up (381 out of 455 Centres were accessing Xero in February), and there are ongoing queries that are being addressed between myself, Rachael Harrison, Accounts Manager, and Liang Wells, Chief Financial Officer.
	It is expected that a short document with specific 'hints' for Playcentres about Xero will be completed by the end of March.
Associations with outstanding levies	Liang Wells, Chief Financial Officer, reports:
	In our last report to the Trustee Board, we analysed the outstanding levies from Associations that had been invoiced in the past financial year, which amounted to \$277,354. Since that report, I have made contact with these Associations to encourage payment of these invoices.
	The largest debtor is Auckland Association (\$111k), and we have been making positive progress in terms of alleviating their issues which had prevented payment. Cissy Rock, Change Programme Manager, attended the Association's February meeting and presented a broad outline of the draft Amalgamation plan to them. We also produced a document which demonstrates the value that the Federation provides for the levy that it charges. The Association will be voting on payment in the very near future,

and we will follow up with them on its decision.

The next largest debtor is Central Districts Playcentre Association (\$57k) and they have indicated payment in early April when they are expecting to have sufficient funds for payment of the invoices.

Waikato Playcentre Association (\$56k) have paid their levies of \$39K, and the Trustee Board approved the write off of the remaining debt which represents their equity portion of the levies of \$17k.

North Shore Playcentre (\$39k) have paid \$21k since our last report, and we will continue to follow up the remaining \$18k.

The last debtor of significance is Mid-North Association (\$11k – owing from invoices issued in last financial year). The last Trustee Board meeting approved the write off of \$10k of this, however, the total debt owed by Mid-North is \$24k. We have received significant funds from Mid-North in the month of March, amounting to \$142k, as they prepare to wind up. However, we anticipate that most of this will need to be distributed to their Centres and any Association that may help to support these centres after Mid-North winds up. we are not yet confident of receiving payment of the remaining debt. We will continue to monitor its recoverability.

#### Legal

All the outstanding information from the Associations has been collected. However, we have had recent correspondence from South Canterbury indicating that they now intend to join and wanted to confirm their paperwork had been received. We had no record of their documents ever being received, so we have sent them all the relevant templates to complete as soon as possible and by the week beginning 13 March. This means all Associations (except Mid North as it is winding up) will be included in the legal Amalgamation when it occurs in 2018.

Alaine has completed the affidavit requested by David McLay. A further affidavit on financial matters will be completed by Liang Wells in consultation with David McLay. I have requested him to

	lodge all documents with the Crown Law Office by 17 March.	
Amalgamation of Cash Reserves	Liang Wells', Chief Financial Officer, paper on this topic is attached. It includes a <b>recommendation</b> which I support.	
<b>Education: ECE</b>	The Playcentre Education staff are preparing a paper for the	
Licensing	Trustee Board's consideration. It will be a preliminary paper	
Qualifications	discussing the proposals to take to MOE on ECE licensing	
	qualifications and transition plan. It will be loaded on the Trustee	
	Board's confidential Loomio by Tuesday 14 March.	
Other Business		
of Note		
Delegations	Attached separately is a revised version of the Federation's	
	Delegations document that reflects the changes made to the	
	Federation's management structure and the changes to a higher	
	governance role for Trustee Board members.	
	It is recommended that the March 2017 Delegated Authorities	
Ministry of	Policy and Schedule for the Federation be approved.  The DLD Team's Co. Directors, Carola Kannerlay and Dalone	
Ministry of Education RFP on	The PLD Team's Co-Directors, Carole Kennerley and Dalene Mactier, advised on 8 March that they have received notification	
PLD to support the	from the Ministry of Education (MoE) that unfortunately our	
implementation of	proposal to deliver the Te Whāriki contract to Playcentres has	
Te Whāriki	been declined. In a few weeks' time MoE will be sending us an	
	evaluation of our proposal which will be useful for us to work	
	through.	
	Carole and Dalene have no idea at this stage as to what other PLD	
	contracts might come up for tender this year. We are hoping that	
	SELO will continue to be a funded MOE initiative, however until a	
	RFP comes out we cannot even be sure of that.	
	Carole met with a regional MOE representative this week and she	
	indicated that they too are waiting to have things confirmed by	
	national office around PLD initiatives/funding after 30 June.	
	indicate and and the initiatives/randing after 50 June.	
	A year or so ago there was some discussion between Playcentre	
	and MOE's National Office about possible separate funding (not	
	exactly sure if this was from PLD \$\$ or a separate MOE funding	
	stream) to assist with training up all the new regional support	
	staff. As Veronica Pitt and I are having an update meeting with	
	MoE on 13 March we will raise that there.	

If no further PLD Requests for Proposals (RFPs) are put on the New Zealand Government Electronic Tenders Service (GETS) this year, then it will be a case of seeing if there is another way of sourcing funding for PLD in Playcentre.

# A.G. Taylor (PFM)

# **Briefing Report to General Manager - 5/3/2017**

#### 1.0 Insurance Tender

- 1.1 During the past month I have had a number of phone and email contacts with John Cribb from the national Kohanga Reo Trust. He is responsible for the management of that organisation's insurance arrangements. We have discussed the possibility that the amalgamated Playcentre organisation could become part of that scheme resulting in cost savings for both organisations.
- 1.2 As was outlined in my February report, in order for me to make a recommendation that Playcentre and Kohanga Reo should operate shared insurance arrangements (c.f. initiating our own tender process with insurance companies), I would need to be convinced that:
  - the combined arrangements use established insurance companies (i.e. it is not a "self insurance process;
  - there would be effective processes for paying premiums, making claims, etc
  - there would be financial benefits for Playcentre in using combined insurance arrangements,
  - Playcentre would share in the control/management of the insurance arrangements (i.e. we would not simply be a "customer" of the Te Kohanga insurance arrangements.
- 1.3 I therefore asked John to provide me with a written outline of their insurance scheme and received the following information in response:
  - Our Insurance works as a managed fund and we work through our broker when it comes to claims. There is a little flexibility in the way we handle the claims but our Brokers administer the claims and work with us. E.g. if we have a fire they carry out all the administration towards the claim and tender for the builders to do the repairs etc. Where we assist because we have a property division is that we do have builders in different parts of the Country to call on. They still need to tender for the work however but because we have National discounts with providers like ITM for building materials, Noel Leeming for Appliances and Carpet Court etc. we are able to reduce the cost of the rebuild/claim.
  - Our insurance cover for buildings is on full replacement according to the square metre area of the building.
  - If a building is 150 square metres the full replacement cover is \$450,000 costed at \$3000 a square metre. This includes any decking and out buildings that are below 20 square metres. All our buildings over 21 square metres are priced separately but at the same level of replacement value. If the main building is connected to other outside buildings, the cover is on the total area of all buildings.
  - We do not make claims to buildings on indemnity value cover unless for special reasons. All
    our claims are on full replacement. Same with contents they are on full replacement subject
    to any special circumstances.
  - Our contents insurance values are on the size of the building and what licensed numbers they are.

80 to 100 sq metre building Licence for 15 \$40,000 replacement value 101 to 125sq metre building Licence for 20 \$50,000 replacement value 126 to 150sq metre building Licence for 30 \$60,000 replacement value

- The highest costs in contents replacement are normally the carpets and vinyl and we are current negotiating to include these items in the building cover and not contents. This will allow us to reduce the content costs.
- What you do have which we don't is the Business interruption and we are currently negotiating with our insurers about this cover.
- The contents and building premiums charges are all the same across NZ. Normal insurance cover has a different rate for different regions. When you look at the size of King Country buildings and line them up with the Wellington quotes, the premiums are a lot higher.
- 1.4 As a result of receiving this information and discussing it with Alasdair I responded seeking answers to specific questions raised by Alasdair:

**Question Response**Who is the insurer underwriting all this? What is their current insurance rating?
The Broker is Crombie Lockwood and the under writers are with NZI. I am sure everyone knows NZI creditability and rating and they have their underwriters as well.

**Question** How does the insurance cover work? We need to see the legal documents about it all.

**Response**We have a full insurance document that covers everything and we get annual updates prior to our renewal each year. The documents are similar to what you sent me but twice the size. I am happy to send you a copy. I can scan and send on Monday it is over 100 pages. How it works, the managed fund is very simple and not complicated and for most people easy to understand.

**Question**Are you satisfied the "managed fund"would work as well as our RCW Funds.
Would we have control as to how the funds are invested? Would our portion be kept separate?

Response

- There is no investment in the managed fund although when you look up the web sites they talk about investment of funds etc. Our Insurance Managed fund investment is to the individual centres. What you pay covers costs and like all insurance, you pay for your cover in advance. If any building withdraws during the 12-month term, the repayment of the premium is prorata. The key to the success of the Managed Fund is the amount of claims you have. If very little claims are made you do end up with a profit however if claims exceed the exposure level there is no profit. What we have managed to do over the years is keep the premiums low to the individual centre by restricting any premium increase. We manage the fund to enable our movement to have the best cover, best replacement costs according to the value of assets.
- The managed fund is set up to put any profits back through each centre through its premiums. We are proposing for the first time to benefit those that do not put in claims to get a reduced premium for the following year. This is describe more like a no claim bonus. When the earthquakes struck and the Insurance world went mad with high premiums the managed fund was able to stay steady with very little increase.

**Question** Are we absolutely sure it is not a "self-insurance" scheme? It doesn't sound as though it is if there is an insurer involved.

- It is not a self-insurance scheme; it is a self-managed scheme and we have Crombie Lockwood administrating the claims.
- The Managed fund has operated successfully for 25 years and I understand from what our Brokers are saying it's the best run Managed Fund in the country.
- I am sure once we are able to meet and discuss any issues you have you will be a lot clearer.

- I believe if the premiums we can show demonstrate it is a saving to your organisation and your organisation is interested I could arrange a meeting with our Brokers to explain in their words how it works.
- Bringing your organisation on board would help to reduce premiums because of the numbers; however it does come with added risk.
- 1.7 John has asked me to provide specific building size (square metres) for each of the Playcentres in the Auckland area so he can provide a detailed comparative quote.
- 1.8 It is intended that John and I will meet during the next two weeks to discuss the matters further he is currently awaiting confirmation of the date he will be visiting the Kohanga Reo Regional Office in Hamilton.
- 1.9 I understand (from Veronica) that the plan is that a Playcentre national insurance scheme (with the premiums being paid from national funds) will be in operation by May/June 2017. I believe that we are on schedule to meet this deadline i.e.
  - 1. by successfully completing the negotiations to join the Kohanga Reo scheme;
  - 2. or if these negotiations are unsuccessful to revert to the original plan of tendering out the Playcentre Insurance contracts.

# **Delegated Authorities Policy and Schedule**

March 2017

#### Introduction

This policy and the schedule of delegations are intended to provide clarity on the authority required for specific tasks within NZ Playcentre Federation.

A delegation is authority to act for or represent another or others. Delegations are intended to ensure that the organisation operates effectively by empowering its people with appropriate authority so they can carry out their responsibilities.

#### The NZPF Constitution

The NZPF Constitution says:

- The National Executive acts for the Federation on all matters between meetings of the Federation, creates and maintains the policy framework of the Federation ... and acts in a governance role.
- The Trustee Board acts for and exercises the powers of the National Executive in between
  meetings of the Federation, mitigates risk to the Federation, ensures that the Federation
  acts lawfully and fulfils its obligations to the community and its stakeholders ... and oversees
  the stewardship of assets and ensures finances of the Federation are appropriately
  managed.

## **Principles**

- Clear accountability and delegation limits protect NZPF and individuals.
- The National Executive or Trustee Board may delegate a function, but this does not absolve responsibility. The National Executive or Trustee Board remains accountable for what occurs.
- The National Executive or Trustee Board has the right to revoke any delegations.
- No person shall exercise any delegation or approve any payment which relates to, or is of any benefit to themselves.
- Delegations need to take into account the requirements of the position (is delegation required to effectively carry out the role?) and the risk (does the delegation expose the organisation to too much budgetary or other risk?).

#### **Policies**

#### **Approval of Delegations:**

- Financial Delegations are approved by National Executive or the Trustee Board and any changes to delegations must be approved by the National Executive or Trustee Board.
- Delegations apply to the *position* not the particular *individual*.
- A delegation given to a position will apply to any subsequent person who holds that position.

#### **Exercising Delegations:**

- Delegations need to be exercised with due regard to budget limitations
- Before processing any payment the Accounts Manager will check that it has been approved by a person with the correct level of authority.

**Policy: Delegated Authorities** 

• All payments must be authorised by any two signatories approved by the Trustee Board.

### **Authorities**

The Federation (at the AGM) has authority to:

- Determine levies payable by Associations
- Decide which Federation Officers may attend National Executive
- Determine the voting rights of Federation Officers attending General Meetings and National Executive
- Confer life membership
- Appoint Auditors and a Legal Advisor/Honorary Solicitor
- Determine Federation Officer honoraria

The National Executive (at bi-annual meetings of the National Executive) has authority to:

- Determine Federation officer positions, other than Trustees
- Approve and review the Federation budget

In-between meetings of the National Executive the Trustee Board has the authority to act as necessary on all matters except those specified above.

#### **DELEGATED FINANCIAL AUTHORITIES SCHEDULE**

The New Zealand Playcentre Federation (NZPF) delegated authority levels are:

ТВ	Trustee Board
GM	General Manager
CFO	Chief Financial Officer
OM	Operations Manager
TBM	Trustee Board Member
HR	<b>Human Relations Manager</b>

**PD** Professional Development Directors

**PM** Property Fund Managers

OS Other Staff of NZPF and Federation Officers

### Absence of authoriser

When an Authority Level detailed in above Delegated Authority schedule, including the General Manager, is absent for more than one week the delegations detailed below shall take effect. Judgement should be exercised by the "Delegate" as to the seriousness of decisions they should make. Where a decision has significant implications or is of a serious nature consideration should be given as to whether the decision should be delayed until the relevant manager returns. Decisions of a minor nature should be made.

Authority Level absence	Delegate

# **Ed Team Plans up to Nov 2017**

Decision/Action: Employ Education regional staff, as per plan and initiate Ed meeting with them once employed.

Background: In order to keep continuity now that the regions have been decided, we need to get on with this to keep the program operating

Impacts: certainty for employees and integrity for the program

Concerns: reporting going off track and impacting the reporting to TEC and

Considerations: Ed team MUST be invloved in this process and have final sign off on those offered the 12 positions.

Recommendation/Decision: Do this before the end of the first term of 2017 [it is my understanding that this will not be happening until June 2017???] There is no agreement about the scope of the jobs or the funding possibilities.

Next steps: Ensure Ops manager has the re-crafted job descriptions out of the feedback from Chch Nat Ed.

Advertise / Employ and plan meeting with Ed team and these staff to firm up how Ed will operate going forward. I think this role now sits with the HR manager and the GM and change management and financial person.

1. Plan and deliver PD for national tutor pool.

Background: This would normally have happened at Nat Ed meeting, but as we are not having any more, we wish to focus on upskilling our current tutor pool to support the new program and ensure the quality of delivery we expect. The Nat Ed meeting highlighted to us that we get too many admin hangers on and not enough tutors coming!!

Impacts: need more funding (TB to support)

Concerns: - getting buy in from tutors in rural areas and finding out what their concerns and sharing methods and outlines. Making sure everyone is tutoring to current Education theory and practice.

If we don't do this, we may lose tutors that we will really need going forward. It is also agreat chance to meet some we may not have had ever attend a National meeting because they are not involved in the admin level in Associations.

Tutors need certainty around how they are going to be supported and access admin services/pay etc.

Considerations: all tutors are required to undertake PD annually according to the terms of employment.

This is a good way to introduce tutors to the new regional staff and start to form relationships around work and tutor needs in terms of accessing tutoring resources.

Recommendation/Decision: TB to approve extra \$\$ to support this work.

Plan some regional events, within the new regions to take stock of who we have and what the do.

Next steps: Figure out what and how to do this - Ed team to plan once regional staff are in place. Gillian has recently surveyed teaching staff, so Ed Team will look at what we have learnt in order to [once again this will depend on those other people!!1]

#### 2. New program of Study

Background: Please bear in mind, that is not going to be implemented overnight. It is close to going to NZQA for approval, but you all need to understand that a final entry cutoff for the current program has yet to be negotiated with NZQA and then, all students in the current program still need to be supported through to completion. The transition may take up to 2 years.

#### DONE SO FAR.

- Reading Resources new Programme.
- Programme Outline.
- Programme Deliverv.
- Sections revised QMS.
- L4 and L5 description for students.
- Managing consistency of Quals.
- A new procedure put in place for the programme.

Next steps: Submission and then further negotiation of date with NZQA.

Facebook page is running very well. Gillian posting up all new parts of the Adult Ed Programme for viewing by the National Tutor Pool. Tutor pool seeing this as a very valuable tool, and the Team capture the extended audience not on FB via "The Link" and "Hononga"

Content should include information from your role and from your link/s

# **Decisions:**

### 1. Advocacy – Key messages (Susan's portfolio)

#### Background:

Opportunities arising for attending political events as we approach the election; There is a need for consistent messages to be developed and shared with our members [See attached "EEF Election 2017 Federation key messages" as an example]

#### Impacts:

Strong, consistent approach to Playcentre perspectives being represented

#### Concerns:

Mixed messages being represented in different forums, different parts of the country

#### Considerations:

Focus on our strengths, our philosophy, a positive future that includes Playcentre supporting parents as the first and best educators of their own children, in their own communities, in a cooperative way.

#### Recommendation/Decision:

Engage wider membership in developing these messages (Maureen Woodham's elevator spiel, Dalene Mactier positive framing, Jeremy Randerson civic messages, etc)

#### **Next steps:**

TB to coordinate the development of a one page document for dissemination at Nat Exec.

#### 2. Key governance messages (Comms – Ann)

#### Background:

Governance message missing from last two Kawepūrongo - Fed News.

#### Impacts:

Lack of presence of Governance (from the TB)

#### Concerns:

No consistent Governance message being shared from the TB to our members

#### **Considerations:**

Do we have a set process to decide on the messages that need to be shared each month?

#### Recommendation/Decision:

We develop/agree to a Comms plan with key messages to be shared each month

#### **Next steps:**

We develop/agree to a Comms plan with key messages to be shared each month

#### 3. Tangata Tiriti Hui 2017/2018

#### Background:

Inaugural TT Hui held in 2016 - no established processed for holding an annual Hui for TT

#### Impacts:

Opportunity to continue building TT culture & developing our shared vision

#### Concerns:

Budget not available

#### **Considerations:**

Need to be specific about the purpose of the Hui

When is a reasonable time to hold it – AGM in November; new budget year 1.9.17; timeframe for AGM papers & nominations for AGM 8 weeks prior?

#### Recommendation/Decision:

Planning for TT Hui is discussed at Nat Exec (TTT whare)

#### Next steps:

Budget confirmed as being available then planning can begin

# **Discussions:**

#### 1. Nat Exec registrations cost

#### Background:

Cost for last Nat Exec \$488 – this time \$530

TT Hui at same venue; costs (excluding travel) =\$16,515.92 (budgeted \$21,795.59)

#### Impacts:

Are we able to reach quorum?

#### Concerns:

Deterrent for attending

#### **Considerations:**

Additional costs for Nat Exec: more meeting rooms & PD

Venue has its own shuttle

#### Discussion:

Are there other costs that have created the increase in registration?

#### **Next steps:**

Can we plan better for future meetings?

#### 2. Supporting the Playcentre Journal (Clare)

#### **Background:**

Lack of articles being provided

#### Impacts:

Delays in production & smaller issue

#### Concerns:

Loss of content & readable interest

#### Considerations:

**Priorities** 

#### Discussion:

How can the TB genuinely support the Journal? Where does the Journal fit in the Annual Plan?

#### Next steps:

Establish a Comms plan around the Journal?

# Information sharing and activities since the last report

- ERO publication follow up (outstanding item from October report)
  - o Discussion at EEF again in February (see attached notes).
  - Several more new publications in last few months
  - New CEO opportunity to develop new relationship and discuss more inclusive approach to their comms strategy?
- Education Act review: presented submission to Select Committee, 2/2/17; seemingly well
  received. Good questions from MP's; Reiterating Playcentre philosophy; meeting the needs of
  tamariki and whanau within NZ communities
- Small, Isolated & Rural Schools Technical Reference Group meeting @ MOE 9/2/17
  - o variety of schools represented; we were the only ECE representative;
  - o Discussion of context of and specific challenges faced by small & isolated schools & ECE
  - To what extent and how can the costs of small size and isolation be mitigated through
     CoL's: enlightened some reps of how/where ECE's fit/don't fit within CoL's
  - Determining isolation index
  - (see full notes attached)
- ECAC meeting attended 15/2/17
  - Te Whāriki update
  - o Review of Funding Systems
  - OECD Early Learning Study
  - Education Council's Leadership strategy
  - Communities of Learning/ Kāhui Ako
  - Cross Sector Forum meeting 10.3.17 for CoL's
- EEF meeting attended 16/2/17
  - Te Whāriki update
  - o Food Act
  - o ERO publications
  - o OECD study
  - CoL's Joint Initiative 'strategy' & MOE response
  - Funding review
  - Every Child Counts NZEI campaign to restore ECE funding
  - o 2017 policy priorities for EEF members; 2017 Forum event?
  - Cohort entry to school; impacts
  - EEF Code of Conduct
- Attended presentation 23.2.17 from Dr Gordon Cleveland, Economist: University of Toronto: ECE

   equality, affordability, quality and availability. Presentation in response to OECD Early Learning
   Study being supported by MOE/NZ Govt (see ECAC & EEF notes)
  - Presented some research about ECE & disadvantage/vulnerable children (how is this defined?)
  - o Immediate benefits vs long term outcomes for children
  - o ECE is a purchased service; schooling is not

- Great discussion about measuring outcomes for ECE (what does "one year of curricula progress mean" for young children?)
- Govt looking for a 'line of sight' between investment and outcome
- Te Whāriki update Confidential Briefing
  - o Latest/final draft presented
  - o Looking much more inclusive and user friendly
  - o Much of the feedback gathered has been taken into account
  - o A statement specific to parent led services and parent educators included
  - o Launch date to be advised
  - o Implementation phase to come...
- Cross Sector Forum on Raising Achievement 10.3.17
  - Continuing discussions around Communities of Learning (CoL's): pathways for learning 0-18yrs...

# Focus for the coming period

- Nat Exec prep
- Key messages
- Political messaging for upcoming election
- Tangata Tiriti 'development' Hui prep?
- Association support thinking around how best for TB to support our members

# **Confidential Items**

# **Tangata Whenua Trustees - Report to the Trustee Board**

### March, 2016

As a Trustee Board we have agreed that progressing the amalgamation is a priority with ensuring our Centres are serviced being the over-arching focus. If our operational team are to focus their time and energy on the amalgamation there will be 'operational gaps' where we as Trustees will need to progress to a point of readiness for handover to Operations.

### **Decisions:**

1. Trustee Board Links & Portfolio / Review: - as we transition to Governance it is timely we review Trustee Board Portfolio Links.

**Background**: Historically, Standing Committee/Trustee Board held 'Portfolios' as 'Areas of Operation' due to lack of employees and to ensure the maintenance of these areas to review policy.

Links are to enable Reporting and Relationship Building.

Links & Portfolios were distributed to the organisation in June 2016. See attachment, which has been highlighted and comments.

#### Impacts:

- Enabling a distinct line between Governance and Operations roles, responsibilities and tasks;
- Enabling General Manager to grow his team without cross-communications and quasi-reporting mechanisms;
- Enabling General Manager to establish clear communication lines with Operational team;
- Enabling clear Governance-Operations communication line.

#### **Concerns:**

- Timing: the General Managers priority is the amalgamation. When/Time 'Links & Portfolios' are passed over to the operational team should be managed by the General Manager;
- Handover: tacit knowledge and incomplete projects need to transfer. How does this happen?

#### **Considerations:**

- There will always be operational deadlines that need to be met. Time and turnover is highlighted here;
- Ensuring the wider membership both governance & operational are notified;
- Indication of Trustee Board moving towards Governance only and away from Operations/Management responsibilities and tasks;
- This will also trigger review of Trustee role descriptions, Code of Conduct and NZPF Confidentiality agreement.

#### **Next steps:**

- Update and redistribute Links & Portfolio.
- 2. SPACE NZ Trust: use of NZPF Air New Zealand booking service

**Background**: Susan has made contact with past co-presidents Marion Pilkington and Maureen Woodhams for historical knowledge and clarification. When SPACE was under Hutt Playcentre Association, the NZPF Air New Zealand booking system was utilised. There was no Memorandum of Understanding as this was considered as supporting the Association. Currently SPACE NZ Trust utilise the NZPF Air New Zealand booking system. SPACE NZ Trust is invoiced for ticketing fee and cost of flights.

#### Impacts:

- NZPF Employee and Contractor tasks and time in processing;
- Cost to NZPF unknown;
- This is not a priority for the Operational team;

**Concerns:** as indicated in Impacts.

#### **Considerations:**

- Awareness of the relationship between NZPF & SPACE NZ Trust;
- Best way forward for NZPF;
- Less focus for Operational team on amalgamation.

#### **Next steps:**

- Advise SPACE NZ Trust this service is no longer available.
- **3. Operations vs Governance communications:** as we move towards the amalgamation it is important we as the Governors have ready our own Governance messages and platform.

**Background**: This was tabled for the February 2017 Trustee Board meeting, Discussion component of Tangata Whenua Report. This needs to be addressed this meeting to ensure the Trustee Board are meeting and enabling deadlines to be met by employees.

"In November and December we 'crafted' Governance messages for Kawepūrongo / Fed News. It is our responsibility to ensure these messages are finalised and sent to the NZPF Secretary in a timely manner.

**Impacts:** Kawepūrongo is late for distribution. Governance message not being delivered.

**Concerns:** Duress on the wider Trustee Board group and those responsible for meeting deadlines.

#### **Considerations:**

- Final Governance messages for the year, needs to be sent to NZPF Secretary for inclusion.
- August 2017, Governance message needs to go under another heading e.g. 'Kāwai Kumara / Kumara vine';
- See: Trustee Board manual June 2016, page 7, Federation News.

#### **Next steps:**

Final governance messages released to Federation Secretary by Monday, 20 March 2017.

#### 4. Rental Car for HaTM2017

As Māori Federation Officers will be 'hosting' Hui a-Tau Māori 2017. We will need to hire a vehicle for

- a. if delegates need a doctor or other health reasons and
- b. any further unidentified local travel/needs.
- c. We recommend that as Avis' details are on file a car be hired.

#### 5. HaTM First Aid Kit purchase

As Māori Federation Officers will be 'hosting' Hui a-Tau Māori 2017. We will need to purchase a First Aid Kit.

- a. We recommend the Warehouse Stationery, Protec First Aid Kit General Purpose for \$34.95.
- b. First Aid kit will be transferred to Māori Development Manager.

# **Discussions:**

Conflict of Interest: - Operations has indicated a concern with 'how' we identify a conflict. See NZPF 3.24 Policy Conflict of Interest attachment for further information. As we progress with the amalgamation it is important that we as Trustees and our employees who advise us, understand our responsibilities.

**Background**: As Playcentre members we need to be able to identify a Conflict of Interest and ensure we enter this at the beginning of the meeting and how we as a group would manage this conflict.

Impacts: Transparency and accountability to our organisations membership and to external bodies.

#### **Concerns:**

- Varying knowledge levels for this area;
- Inconsistency of interpretation, which leads to transparency and accountability issues.

#### **Considerations:**

This is not a concern for the operational team;

**Next steps:** Based on response for the above consideration is of how we proceed.

**2.** Lock down of decision making: - the following was raised: "While we are building capacity for partnership relationship at cluster roopu level, what mechanisms can we put into place to avoid lock-down of decision-making at AGM level where the houses cannot reach consensus?"

**Background**: David McLay was asked the above. He reminded me of the current constitution clause 10, that being:

- 10.2 Where consensus does not produce a decision, and a decision is required, the following options shall be considered:
- 10.2.1 suspend deliberation pending further information/research;
- 10.2.2 delegate the decision to the Trustee Board; or
- 10.2.3 use formal voting detailed in Clauses 10.3 and 10.4.
- 10.3 Voting entitlement at meetings of the Federation shall be as follows ....

#### Impacts:

- Ensuring resources are prepared and available;
- Preparation, understanding as a team the tools the organisation has available.

#### Concerns:

- Current constitution voting differs for General meetings and National Executive meetings.
- Trustee Board knowing and agreeing what decisions could fall under 10.2.1, 10.2.2 and 10.2.3.

#### **Considerations:**

- AGM decisions there is a 'standard list' e.g. Honorary Auditor, Legal Advisor ...
- Other decisions, would need to be identified for clarification and a way forward established at Trustee Board in preparation for Conference

**Next steps:** Based on response for the above will indicate how we proceed.

#### 3. Conference / AGM workshop

Looking forward to Conference. We are suggesting dues to the amalgamation our members will need support for what and how to archive.

Archives New Zealand's information and records management guidance for the New Zealand public sector is now only available online from the Records Toolkit. It is suggested a workshop facilitated by Archives NZ be available.

# Information sharing and activities since the last report

1. Application to complete research in Playcentre.

Luke is a doctoral student in early childhood education at Victoria University of Wellington. The research project is work towards his PhD thesis. Topic: Touchscreen Tablet Pedagogy in Early Childhood Education. This project will explore touchscreen tablet use for teaching and learning in four major service types: education and care centres, home-based services, kindergartens, and Playcentres. For this study, teachers/educators include adults working in early childhood services who are in contact with children through distal and proximal pedagogical practices. This research has been approved by the Victoria University of Wellington Human Ethics Committee 0000023433.

#### 2. Research request.

Aisling Gallagher, Senior Lecturer in Geography, Massey University Manawatu. Aisling is currently conducting a three year research project into the creation of a market for childcare and ECE in New Zealand since 2000. This project has received financial support from the Royal Society of New Zealand. Susan and I will be interviewed, the focus is "the challenges the Playcentre Federation and its members have faced and the changes you have experienced during this time" and "how Playcentre has adapted to the changes in the childcare market over the past ten years". This will occur Thursday 30/03/2017 at 3pm.

- 3. Affidavit from Co-President for Amalgamation Charitable Scheme, draft received 16/02/2017, awaiting final to sign.
- 4. Little Lungs is a Smokefree Cars and Homes messages programme between Well South and Southern District Health Board, confirmed 02/03/2017 for HaTM2017.
- 5. Resources for TWTM and TT; the Trustees job descriptions, NZPF Code of Conduct and NZPF Confidentiality agreement need to be made available for both whare during National Executive, Conference, and respective whare Hui. This is to ensure both whare have the same information available at the same time. Education convenors role description also available separately as these positions will not be available as of Conference 2017.

# Focus for the coming period

- Te Whare Tikanga Māori March 2017 National Executive: Communications, Ngātahi and HaTM Survey.
- Hui a Tau Maori 2017 Governance content, Ropū names.
