

Playcentre Aotearoa's Hire of Playcentre Facilities Procedure

To be followed when hiring out Playcentre buildings and facilities or allowing their use by third parties for purposes not directly related to operating a Playcentre.

From Playcentre Aotearoa's Property & Equipment Policy

Third-party use of our Playcentre environments

As a community-based organisation and for fundraising purposes, we may hire out or allow access to our Playcentre environments outside of Centre sessions for non-Playcentre purposes. This may be from time to time or in regular instances. Use by third-parties for alternative purposes introduces risk and complexity that requires careful management by those with Playcentre environment responsibilities.

- Centres and their Regional team will determine the availability of their Centre environment to third parties
- Centres, Regional and National Teams will work together to co-ordinate local third-party use to ensure that we don't compromise any designated use; lease or occupancy right; insurance conditions; ongoing use for Playcentre operations; or compliance with our governing regulations.
- Nationally agreed procedures, timelines and approvals will be followed for various third-party use scenarios.
- Third party users are provided with written advice about their obligations relating to their use of our Playcentre environments.
- Records of use will be kept centrally at a national level.
