Workshop Descriptions

<p>The Joy of Maths in Early Learning From <i>Te Whāriki</i>: Children recognise that “numbers can amuse, delight, comfort, illuminate, inform and excite” (p.42). We’ll look at what maths involves in the early years and how we can explore the joy of maths alongside our tamariki at Playcentre and home.</p>	<p>An Intro to NZSL This informative session by a Deaf presenter and a NZSL interpreter, provides an insight into New Zealand Sign Language (NZSL) and the Deaf community. Giving you the background knowledge to implement NZSL in your centre and understand more about the Deaf community and your members and their whanau that use NZSL. https://www.mergenz.co.nz/</p>		<p>Special Character Playcentre Sessions This discussions explores the possibilities for how centres could run “special character” sessions to cater to interests in your local community and increase membership. Tamariki nui (big kids), pepe (under 2s), te reo Māori, other languages, outdoor, grandparents, swimming, gymnastics... Find out about the possibilities for Playcentre with a twist!</p>
<p>Literacy for Lifelong Learning A look what literacy is and the different types of literacy, how we can support it in Playcentre and in a home environment through play based experiences, and resources to further support our journey.</p>	<p>Our Babies at Playcentre What do they really need to thrive? How do we meet the needs of our littlest Playcentre members amongst fabulous mixed age sessions? Let's talk about babies, relationships, language development, social interactions, culture, identity, play and more.</p>	<p>Demystifying Internal Evaluation Confused about internal evaluation (self review)? Chances are your centre is already doing 90% of what you need to do. This session will help make internal evaluation easy and achievable.</p>
