

PLD Communication Pathway

Playcentre Professional Learning & Development (PLD)

The Playcentre PLD Team supports centres through Ministry of Education-funded professional learning programmes which are offered as in-centre cluster programmes, leadership wānanga, online programmes and “one off” customised professional learning workshops and events. PLD programmes support both centre members and staff within Playcentre.

In addition to the Ministry-funded PLD, Playcentres or external groups can request customised PLD delivered by Playcentre PLD facilitators. There may be an additional charge as negotiated.
