EDUCATION AND SKILLS THAT WOULD ADD VALUE TO THE TRUSTEE BOARD

What have you bi-culturally contributed to your Playcentre | Rōpū Māori?

As President of Paremata Playcentre I chose to attend for a 3rd Playcentre duty day to attend a term of bilingual sessions at the adjacent Paekakariki Playcentre with my daughter in 2018. This term solidified the benefits of these reo rua sessions as a way forward for ensuring tikanga and te ao maori thrive in our centres for me.

Following this term of attendance I proposed, and the centre subsequently agreed to invite Whaia Wai to join our centre as volunteer for one session per week. Whaia Wai is a valued Kuia of Playcentre in Wellington, bringing her knowledge, her aroha and guidance to our centres over many years. Whaia Wais involvement and influence at Paremata has continued since and has encouraged other members to begin their reo journey and to understand the importance of te ao maori.

As Treasurer for WPA association for the 18months prior to amalgamation, I was able to consider the financial position and make recommendation to the 2x clusters and ropu prior to transferring funds to the amalgamated entity. As such we were able to honour the previous WPA Exec committees wishes to transfer \$150k minimum to the new Playcentre Aotearoa entity, as well as making available a fund for each Playcentre to be able to support member Education (approx \$3.5k per centre) , in any way they each saw fit (babysitting, support worker wages for a session for a year, mileage for member travel to workshops etc). I also proposed a total fund of \$10k be distributed to each of the centres holding bilingual sessions (4x) to enable a Noho Marae to be held for members of Wellington centres to attend. These funds were made

available, however the noho has been deferred twice due to the pandemic and marae availability. Fingers crossed for 2022.

My children attended Playcentre as their primary ece for their pre-school years. I started when my daughter was born and my son had just turned 2, after completing SPACE with my son in his first year. My children also attended the local Kindergarten for 1 to 2 days per week in their final year before starting school (ironically, primarily so that I could fit in my hours working for Playcentre Aotearoa!). My childrens attendance at Playcentre varied between 2 and 5 sessions per week. My personal attendance on session varied between the minimum 1 session, up to 3 sessions per week at times, also filling in for others as the need arose on occasion.

***Time Commitment** – please comment on your ability to meet the time commitment for the Trustee Board Member role:*

I currently work 25 hours per week as an Architectural Designer for a small residential architectural business. I also work 10 hours per week in the role of Regional Property Coordinator for Lower North Island.

I have recently stepped down as Secretary of my local School PTA, which took a number of hours each term in setting agendas, typing minutes and managing email accounts. I am transitioning to being a general committee member and will continue with arranging the school discos when we can return to holding events.

I would look to transition my hours of paid employment with Playcentre Aotearoa to ensure I can commit the hours for trustee board member.

I do not wish to be considered for the Co-President trustee role.

I believe there are efficiencies to be gained in the time commitment of the trustee board now that we have a CEO appointed and inducted. I believe staff need to be encouraged and empowered to do more to support centre members to understand governance and to be governors. I believe the trustee board, staff, alumni volunteers and centre members need to work together to advance Playcentres' status as the choice for whanau led early childhood education in NZ. The amalgamation has brought huge change to the structure of Playcentre. Society continues to evolve, Playcentres governance administration needs to as well to ensure our systems, and processes remain valid for today's tamariki and matua. We all need to commit to communication and connection, the foundation of Playcentre.
