

Welcome to our Village

Experience early childhood education with a difference; children and their families play and grow together.

Playcentre is a place for you and your child to play and grow together – to strengthen your bond and to make connections with other whānau in your community.

Children are given the opportunity to socialise and to learn through play, with 16 areas of play to ignite their imaginations. Watch children explore their surroundings, direct their own play, and expand their world of relationships.

Playcentre also offers parenting support: a cuppa when needed, other parents to share the joys and challenges with, play workshops and, for those who want to extend their knowledge, an early childhood education programme that is recognised outside of Playcentre.

We offer 3 free visits before you join

Whether you have a new baby, or you are new to a community, Playcentre provides a place for babies, young children and parents to come together. Members enjoy a strong sense of belonging, and friendships flourish.

Playcentre is a nationwide charity with 420 centres located throughout the country. At each centre you will find a supportive, fun and friendly environment for you and your child.

You don't just watch your child grow. You grow with them.

With over **420** centres throughout **Aotearoa** there is one near you.
